Firefighters)

## Vacancies Filled

**Safety:**  
The City of West Kelowna aims to continuously improve our healthy workplace culture by setting shared goals for improved physical and psychological health, safety, wellness and return to work programs. In January psychological health was the focus with an event on Blue Monday (January 16). The emphasis was on wearing bright colors, taking mental health breaks and promoting our Employee Family Assistance program. The event was well received by staff, and we look forward to the next quarters events with a focus on Health and Safety Week May 1-5.
