**Q1. Invest in Infrastructure Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Transportation: We will improve the City's network of roads, sidewalks, cycling paths, transit infrastructure and multi-use trails to optimize connectivity throughout West Kelowna.
2. Infrastructure Planning: We will also prepare for funding opportunities by developing shelf-ready infrastructure plans during this Council term.
3. Civic Facilities: We will invest in the civic facilities needed to meet the service needs of West Kelowna's residents and businesses.
4. Municipal Water: We will plan and provide for the community's current and long-term needs for clean, safe and reliable water.
5. Parks & Recreation: We will invest in the parks, trails and recreation facilities required to support an active and growing community.

**Q2. The City will need to begin the process to replace Fire Hall #32 this year as the building is long past its functional lifespan. Are you aware of the critical need to replace this Fire Hall in West Kelowna?**

No

**Q3. What comments of support, concerns or questions do you have about replacing Fire Hall #32? (Lakeview Heights area)**

not answered

**Q4. What additional projects or initiatives in your neighbourhood or across the City are important for future consideration?**

Butt Rd sidewalks and city area. It would be nice to walk and bike safely to stores, businesses schools

**Q5. Pursue Economic Growth and Prosperity Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Support for Local Businesses & Entrepreneurs: We will engage the Economic Development Corporation, business sector, post-secondary institutions and other orders of government in efforts designed to encourage businesses and entrepreneurs.
2. Economic Development Service: We will engage with stakeholder groups and the business community to optimize the impact of the City's economic development efforts on West Kelowna's economic activity.
3. Westbank First Nation: We will work with Westbank First Nation to pursue common economic development goals and joint actions.
4. Tourism: We will work with the Greater Westside Board of Trade, Westside Wine Trail and other tourism stakeholders to promote West Kelowna as a destination for tourism.

**Q6. The City is working to establish a West Kelowna Economic Development Corporation. What priority initiatives do you think the Corporation should begin working on that further develops the economy in West Kelowna?**

not answered

**Q7. What other economic development and prosperity priorities are important to you?**

not answered

**Q8. Strengthen our Community Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Accessibility: We will work to ensure that residents and visitors with different abilities are able to use and enjoy our sidewalks, pathways, parks, trails, facilities, beaches and other attractions.
2. Gathering Places: We will invest in creating and/or expanding places for people to gather, connect and celebrate community.
3. Community Growth: We will plan for the future, guided by Our Community Vision: 2020-2040, in ways that encourage positive growth and respect the community's values.
4. Art & Events: We will create opportunities for cultural, music, performing arts and other events across the community.

**Q9. West Kelowna is a truly desirable place to live, work and experience. What is most important to you to keep our community vibrant, strong and connected as we continue to grow?**

We need more parks and proper city center with sidewalks and not have a double lane highway running through it

**Q10. What other projects in your neighbourhood or across the City would you suggest for the future and why?**

ALR land that is not being used need to either have something or take out of ALR and build something or make other use of it. Also put a couple of underpasses or overpasses to connect all of the westside easily, not be divided by the highway.

**Q11. Foster Safety and Well-being Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Community Health: We will advocate on our own and in collaboration with our regional partners for investments in public health, primary, urgent and acute care services in West Kelowna and within our region.
2. Public Safety: We will invest in protective services to provide an enhanced level of public safety to residents and businesses in West Kelowna.
3. Climate Action: We will take action to protect and preserve our natural assets and environment, reduce greenhouse gas emissions and adapt to the impacts of climate change.
4. Truth & Reconciliation: We will continue dialogue and action that further develop respectful and trusting relationships with all Indigenous Peoples as we work to advance reconciliation.

**Q12. Council continues to advocate for increased health care services and facilities, increased social/attainable housing, increased fire and policing support, power redundancy, improved highway network through West Kelowna and other priorities with all levels of government. What are the most important priorities to you and your family as Council strongly advocates for long-overdue federal and provincial investments in West Kelowna?**

Improve highway and local roads

**Q13. Public Safety remains of utmost importance across our community. The current four Police Services Priorities are Road Safety, Violence in Relationships, Police/Community Relations and Crime Reduction. Please tell us the most important policing priorities to you.**

Crime Reduction

**Q14. Communications: How did you hear about consultation for Council's Draft 2022-2026 Strategic Priorities? (select all that apply)**

No

**Q3. What comments of support, concerns or questions do you have about replacing Fire Hall #32? (Lakeview Heights area)**

I think Continuing to move offices to more central west kelowna is a good idea, then just fire-hall replacing

**Q4. What additional projects or initiatives in your neighbourhood or across the City are important for future consideration?**

Traffic, road system doesn't support all these people

**Q5. Pursue Economic Growth and Prosperity Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Tourism: We will work with the Greater Westside Board of Trade, Westside Wine Trail and other tourism stakeholders to promote West Kelowna as a destination for tourism.

**Q6. The City is working to establish a West Kelowna Economic Development Corporation. What priority initiatives do you think the Corporation should begin working on that further develops the economy in West Kelowna?**

We need bigger companies who need offices and develops our downtown, so people can work in west Kelowna not have to drive to town.

**Q7. What other economic development and prosperity priorities are important to you?**

Support from city staff for existing and new development, help people, not the continued Trend in west k, not to do business here.

**Q8. Strengthen our Community Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Gathering Places: We will invest in creating and/or expanding places for people to gather, connect and celebrate community.

**Q9. West Kelowna is a truly desirable place to live, work and experience. What is most important to you to keep our community vibrant, strong and connected as we continue to grow?**

Ensuring there is infrastructure to support new housing, in downtown there is no dog park for the dog-friendly apartments on Elliot, people trespassing in local orchards and farm causes, problems. Same with parking here, road is dangerous now hard to see around cars, this was suppose to be affordable housing but parking spots are \$250 each! No wonder people park on the road. Traffic at the roundabouts and downtown can take 20 min outed regularly just to drive what used to take 5. Promoting places to work in town, would help this, most people won't take the bus and the few that cycle won't free up the roads, better planning of our roads and how new housing development will use them would be my top priority.

**Q10. What other projects in your neighbourhood or across the City would you suggest for the future and why?**

We need a better Rec center, bigger pool with affordable add on's for our kids, such as what Rutland has, atleast a larger gym and Indoor basketball courts, the Johnson Bentley has great programs but not a lot of space to accept more kids/teens. We don't have things for families here we have to go to kelowna, this is important.

**Q10. What other projects in your neighbourhood or across the City would you suggest for the future and why?**

Development and retention of public access beaches in West Kelowna. They are few already, as well as limited in accessibility I find so ensuring no more beach space is taken away. Sidewalks throughout all the major neighborhood routes to allow for safe pedestrian traffic. A new recreation facility is long overdue.

**Q11. Foster Safety and Well-being Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

Yes

**Q3. What comments of support, concerns or questions do you have about replacing Fire Hall #32? (Lakeview Heights area)**

It is needed - build it. But not before we have a good, clean water source here. That should be the priority.

**Q4. What additional projects or initiatives in your neighbourhood or across the City are important for future consideration?**

Completion or revitalization of present infrastructure.

**Q5. Pursue Economic Growth and Prosperity Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

**Q6. The City is working to establish a West Kelowna Economic Development Corporation. What priority initiatives do you think the Corporation should begin working on that further develops the economy in West Kelowna?**

Scrap this - zero investment in such a corporation until such time as we have adequate basic needs met (ie: water)

**Q7. What other economic development and prosperity priorities are important to you?**

What is the plan - where do you intend to house these businesses ?

- 

**Q9. West Kelowna is a truly desirable place to live, work and experience. What is most important to you to keep our community vibrant, strong and connected as we continue to grow?**

Good water, an adequate power supply, safe sidewalks. Basic infrastructure needs have to be met. You are working on water yet you build a city hall before a fire hall. Community needs before greed please.

---

**Q10. What other projects in your neighbourhood or across the City would you suggest for the future and why?**

Please put some money into Shannon Lake - sidewalks, pave the parking lot at Shannon Woods field - looks like a bomb went off there - have some and show some pride in your community council.

What are the most important priorities to you and your family as Council strongly advocates for long-overdue federal and provincial investments in West Kelowna?**

We have been bamboozled by the RCMP and have inadequate resources for this municipality. Why are my municipally funded officers on first nations and provincial properties ? This makes no sense. Someone is getting free Police service from the municipality and it's not the municipal tax payer. I want to see Police in my neighborhood on a proactive not a reactive basis. But they can't do that because the police I pay for are on the connector or on the reserve because we have a 'tripartite' agreement and crime has no boundaries. So my municipally funded employees should be allowed to work in Peachland or on the connector or wherever they like ?? Makes no sense. Establish your own Police force and have local control.

How about dealing with the multitude of gang bangers that live in West Kelowna because it's a safe haven for them. West Kelowna is often referred to as the Beaverdell of the Okanagan. Congrats - good job on that !!

No

**Q3. What comments of support, concerns or questions do you have about replacing Fire Hall #32? (Lakeview Heights area)**

Has an actual building assessment been completed? It is quite likely it could continue usage with a building renovation vs a full new building. There are always lots of reasons people want a large new shiny work place but if the company can't afford it (see COK 40% increase in building costs) you work with what you have.

**Q4. What additional projects or initiatives in your neighbourhood or across the City are important for future consideration?**

Glencoe road desperately needs sidewalks or at the very least a good shoulder, it is almost impossible to walk or cycle along with the blind bends and people speeding down the road.

**Q5. Pursue Economic Growth and Prosperity Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Support for Local Businesses & Entrepreneurs: We will engage the Economic Development Corporation, business sector, post-secondary institutions and other orders of government in efforts designed to encourage businesses and entrepreneurs.
2. Tourism: We will work with the Greater Westside Board of Trade, Westside Wine Trail and other tourism stakeholders to promote West Kelowna as a destination for tourism.

**Q6. The City is working to establish a West Kelowna Economic Development Corporation. What priority initiatives do you think the Corporation should begin working on that further develops the economy in West Kelowna?**

West Kelowna needs to focus on improving the downtown core and the waterfront, making those two areas very attractive for businesses and multi-use developments.

---

**Q7. What other economic development and prosperity priorities are important to you?**

We are seeing numerous multi-use business residential developments continue to thrive in Kelowna. West Kelowna needs to really take a deep look into why these are not occurring in our downtown.

---

**Q8. Strengthen our Community Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

- 

**Q9. West Kelowna is a truly desirable place to live, work and experience. What is most important to you to keep our community vibrant, strong and connected as we continue to grow?**

We need to stop with the single family sprawl. Smith creek is a perfect example of the developers "moon scaping" the land and then plunking down unattractive houses 10; beside each other. This continues our community in the direction of being completely car dependent, there is ZERO pedestrian traffic anywhere in our city.

---

**Q10. What other projects in your neighbourhood or across the City would you suggest for the future and why?**

Just focus on the waterfront and the downtown, without improvement in these two spots we will continue on as a bedroom community for Kelowna.

---

**Q11. Foster Safety and Well-being Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

Community safety is pretty clear as number 1, the city needs to be a better advocate for quality service from the RCMP. The second power line has to be a bigger priority with the continued threat to be shut off from a wildfire.

**Q13. Public Safety remains of utmost importance across our community. The current four Police Services Priorities are Road Safety, Violence in Relationships, Police/Community Relations and Crime Reduction. Please tell us the most important policing priorities to you.**

**Q1. Invest in Infrastructure Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Transportation: We will improve the City's network of roads, sidewalks, cycling paths, transit infrastructure and multi-use trails to optimize connectivity throughout West Kelowna.
2. Infrastructure Planning: We will also prepare for funding opportunities by developing shelf-ready infrastructure plans during this Council term.
3. Municipal Water: We will plan and provide for the community's current and long-term needs for clean, safe and reliable water.
4. Civic Facilities: We will invest in the civic facilities needed to meet the service needs of West Kelowna's residents and businesses.
5. Parks & Recreation: We will invest in the parks, trails and recreation facilities required to support an active and growing community.

**Q2. The City will need to begin the process to replace Fire Hall #32 this year as the building is long past its functional lifespan. Are you aware of the critical need to replace this Fire Hall in West Kelowna?**

Yes

**Q3. What comments of support, concerns or questions do you have about replacing Fire Hall #32? (Lakeview Heights area)**

Better flow of traffic coming out of the fire hall for residents shopping at the shopping centre and the new apartment buildings being built.

**Q4. What additional projects or initiatives in your neighbourhood or across the City are important for future consideration?**

Continuous infrastructure planning with the province for highway flow, in addition to road improvements for new multi housing units being constructed.

**Q5. Pursue Economic Growth and Prosperity Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Economic Development Service: We will engage with stakeholder groups and the business community to optimize the impact of the City's economic development efforts on West Kelowna's economic activity.
2. Support for Local Businesses & Entrepreneurs: We will engage the Economic Development Corporation, business sector, post-secondary institutions and other orders of government in efforts designed to encourage businesses and entrepreneurs.
3. Tourism: We will work with the Greater Westside Board of Trade, Westside Wine Trail and other tourism stakeholders to promote West Kelowna as a destination for tourism.
4. Westbank First Nation: We will work with Westbank First Nation to pursue common economic development goals and joint actions.

**Q6. The City is working to establish a West Kelowna Economic Development Corporation. What priority initiatives do you think the Corporation should begin working on that further develops the economy in West Kelowna?**

Encourage large corporations and small businesses to have their head offices or two locations in West Kelowna and move from Kelowna to help ease the rush hour traffic on the highways and bridge. More retail spaces such as clothing stores, encourage fine dining businesses to grow the downtown West Kelowna area.

---

**Q7. What other economic development and prosperity priorities are important to you?**

More multi-housing that are duplexes or row townhouses instead of four storey apartment buildings.

---

**Q8. Strengthen our Community Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Community Growth: We will plan for the future, guided by Our Community Vision: 2020-2040, in ways that encourage positive growth and respect the community's values.
  2. Accessibility: We will work to ensure that residents and visitors with different abilities are able to use and enjoy our sidewalks, pathways, parks, trails, facilities, beaches and other attractions.
  3. Gathering Places: We will invest in creating and/or expanding places for people to gather, connect and celebrate community.
  4. Art & Events: We will create opportunities for cultural, music, performing arts and other events across the community.
- 

**Q9. West Kelowna is a truly desirable place to live, work and experience. What is most important to you to keep our community vibrant, strong and connected as we continue to grow?**

Infrastructure and small business growth

---

**Q10. What other projects in your neighbourhood or across the City would you suggest for the future and why?**

Another boat launch and off-leash dog parks to allow residents to enjoy the surrounding parks and trails.

---

**Q11. Foster Safety and Well-being Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Public Safety: We will invest in protective services to provide an enhanced level of public safety to residents and businesses in West Kelowna.
  2. Climate Action: We will take action to protect and preserve our natural assets and environment, reduce greenhouse gas emissions and adapt to the impacts of climate change.
  3. Community Health: We will advocate on our own and in collaboration with our regional partners for investments in public health, primary, urgent and acute care services in West Kelowna and within our region.
  4. Truth & Reconciliation: We will continue dialogue and action that further develop respectful and trusting relationships with all Indigenous Peoples as we work to advance reconciliation.
- 

**Q12. Yes

**Q3. What comments of support, concerns or questions do you have about replacing Fire Hall #32? (Lakeview Heights area)**

Needs to be done

**Q4. What additional projects or initiatives in your neighbourhood or across the City are important for future consideration?**

Transportation. Bus rout in Lower Glenrosa takes you on a tour for an hour through Glenrosa when you would like to just go down the hill to go to work. Alternatively one could hike up a hill and cross a four lane highway to get the bus across from Gorman's Mill. Not a great idea when it snows. I would love to see the bus come back down the way it went up through Glenrosa otherwise I will keep using my car.

**Q5. Pursue Economic Growth and Prosperity Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

**Q6. The City is working to establish a West Kelowna Economic Development Corporation. What priority initiatives do you think the Corporation should begin working on that further develops the economy in West Kelowna?**

Help for small businesses and industry in West Kelowna we have lost so much through Covid.

---

**Q7. What other economic development and prosperity priorities are important to you?**

Water quality improvement plants in Rose Valley and other boil water advisory areas.

---

**Q8. Strengthen our Community Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

- 

**Q9. West Kelowna is a truly desirable place to live, work and experience. What is most important to you to keep our community vibrant, strong and connected as we continue to grow?**

More affordable youth programs. Youth seems to be just milling around aimlessly. Get them involved in the industries that you will grow or sports etc.

---

**Q10. What other projects in your neighbourhood or across the City would you suggest for the future and why?**

We have lost community gathering places to talk. We need a central park with benches and small coffee shops etc. around the perimeter.

---

**Q11. Foster Safety and Well-being Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

**Q4. What additional projects or initiatives in your neighbourhood or across the City are important for future consideration?**

We desperate need a quad ball park/sports facility, preferably one that is lights. There is a great need to grow the involvement of our youth baseball and softball players and encourage our older residents to get active in slow pitch. The ability to host large tournaments is also an economic driver for our city!

Q8. Strengthen our Community Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.

1. Community Growth: We will plan for the future, guided by Our Community Vision: 2020-2040, in ways that encourage positive growth and respect the community's values.
2. Accessibility: We will work to ensure that residents and visitors with different abilities are able to use and enjoy our sidewalks, pathways, parks, trails, facilities, beaches and other attractions.
3. Art & Events: We will create opportunities for cultural, music, performing arts and other events across the community.
4. Gathering Places: We will invest in creating and/or expanding places for people to gather, connect and celebrate community.

Q9. West Kelowna is a truly desirable place to live, work and experience. What is most important to you to keep our community vibrant, strong and connected as we continue to grow?

not answered

Q10. What other projects in your neighbourhood or across the City would you suggest for the future and why?

I would like to see sewer on Paynter road so I could put in a rental suite

Q11. Foster Safety and Well-being Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.

1. Truth & Reconciliation: We will continue dialogue and action that further develop respectful and trusting relationships with all Indigenous Peoples as we work to advance reconciliation.
2. Climate Action: We will take action to protect and preserve our natural assets and environment, reduce greenhouse gas emissions and adapt to the impacts of climate change.
3. Public Safety: We will invest in protective services to provide an enhanced level of public safety to residents and businesses in West Kelowna.
4. Community Health: We will advocate on our own and in collaboration with our regional partners for investments in public health, primary, urgent and acute care services in West Kelowna and within our region.

Q12. Council continues to advocate for increased health care services and facilities, increased social/attainable housing, increased fire and policing support, power redundancy, improved highway network through West Kelowna and other priorities with all levels of government. What are the most important priorities to you and your family as Council strongly advocates for long-overdue federal and provincial investments in West Kelowna?

Sidewalks in older areas

Q13. Public Safety remains of utmost importance across our community. The current four Police Services Priorities are Road Safety, Violence in Relationships, Police/Community Relations and Crime Reduction. Please tell us the most important policing priorities to you.

Crime Reduction

**Q1. Invest in Infrastructure Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Transportation: We will improve the City's network of roads, sidewalks, cycling paths, transit infrastructure and multi-use trails to optimize connectivity throughout West Kelowna.
2. Municipal Water: We will plan and provide for the community's current and long-term needs for clean, safe and reliable water.
3. Parks & Recreation: We will invest in the parks, trails and recreation facilities required to support an active and growing community.
4. Civic Facilities: We will invest in the civic facilities needed to meet the service needs of West Kelowna's residents and businesses.
5. Infrastructure Planning: We will also prepare for funding opportunities by developing shelf-ready infrastructure plans during this Council term.

**Q2. The City will need to begin the process to replace Fire Hall #32 this year as the building is long past its functional lifespan. Are you aware of the critical need to replace this Fire Hall in West Kelowna?**

Yes

**Q3. What comments of support, concerns or questions do you have about replacing Fire Hall #32? (Lakeview Heights area)**

Wood frame for cheaper construction costs.

**Q4. What additional projects or initiatives in your neighbourhood or across the City are important for future consideration?**

New construction of houses with suites, with double or triple garage space for off road parking. Allowing basement suites on existing homes, has created parking on streets, impossible for snow clearing and road sweeping.

**Q5. Pursue Economic Growth and Prosperity Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Economic Development Service: We will engage with stakeholder groups and the business community to optimize the impact of the City's economic development efforts on West Kelowna's economic activity.
2. Support for Local Businesses & Entrepreneurs: We will engage the Economic Development Corporation, business sector, post-secondary institutions and other orders of government in efforts designed to encourage businesses and entrepreneurs.
3. Tourism: We will work with the Greater Westside Board of Trade, Westside Wine Trail and other tourism stakeholders to promote West Kelowna as a destination for tourism.
4. Westbank First Nation: We will work with Westbank First Nation to pursue common economic development goals and joint actions.

**Q6. The City is working to establish a West Kelowna Economic Development Corporation. What priority initiatives do you think the Corporation should begin working on that further develops the economy in West Kelowna?**

Keep hotels and restaurants in downtown area, not in residential areas, to prevent high traffic flow.

**Q7. What other economic development and prosperity priorities are important to you?**

Widen existing roadways with turning lanes to improve traffic flow.

Yes

**Q3. What comments of support, concerns or questions do you have about replacing Fire Hall #32? (Lakeview Heights area)**

Certainly a new firehall is required, and a 2 storey structure is likely the best use of the land, and allow for future growth; as this is a 24/7 station. The municipality must consider the city growth over the next 15 years (atleast). To incorporate modern technology will reduce operating costs, despite a large capital investment amortized into the future.

**Q4. What additional projects or initiatives in your neighbourhood or across the City are important for future consideration?**

- The addition of a second year-round indoor swimming facility is required. - Adding a city-length bicycle commuting system where cyclists are safe from highway traffic and collisions, and the route is do-able as a daily commuter through to the bridge. - In dialogue with the province a second connection to Kelowna; bridge or ferry or Kelowna Bypass.

**Q5. Pursue Economic Growth and Prosperity Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

**Q6. The City is working to establish a West Kelowna Economic Development Corporation. What priority initiatives do you think the Corporation should begin working on that further develops the economy in West Kelowna?**

Similar to Alberta's "The Business Link" would truly support small and future businesses in growing and having access to expertise. This cost should be shared between federal-provincial and municipal budgets. Furthermore, Create grants to small businesses that strive to meet the needs of the municipality; not just offering trinkets to consumers. Businesses that support the local government are often capital intensive.

**Q9. West Kelowna is a truly desirable place to live, work and experience. What is most important to you to keep our community vibrant, strong and connected as we continue to grow?**

Better Road systems and/or better transit commuting that caters to those that do not have cars; retail workers who finish work at 9pm and 11pm should have better bus service. Eliminate highway shoulder walking altogether before we have another fatality.

---

**Q10. What other projects in your neighbourhood or across the City would you suggest for the future and why?**

A multi-purpose facility (or several) to accommodate groups such as scouts, girl guides, cadets (army/navy/air), choir, ballet, youth "nights alive" and similar programs to engage youth in a positive way that encourages usage and programming that is constructive as opposed to gathering and smoking cannabis throughout our communities, followed by graffiti and fights on transit.

The RCMP require a sub station closer to the bridge, because during rush hour this city is atrocious to navigate. More ambulances stationed in West Kelowna (currently insufficient). A medical facility for outpatient care in the evenings, weekends and holidays (urgent care facility) Not everyone needs to be transported to KGH; have a RN/Doctor facility with late opening hours for those that work traditional 9-5 hours. More street lights in the darkest road ways of the city; while being mindful of light pollution to residences.

**Q6. The City is working to establish a West Kelowna Economic Development Corporation. What priority initiatives do you think the Corporation should begin working on that further develops the economy in West Kelowna?**

How will this be different to the Chamber of Commerce which seems to be quite active? More focused on bringing in new businesses to be based in West Kelowna? Really like what has been achieved through the enhancement of Boucherie Road and the addition of new businesses. Looking forward to similar things continuing to happen with the additional phases of the road. I was very pleased to read about the new cafe that council approved on Boucherie Road (opposite the Hatching Post) with the conversion of the agg land. Obviously want to protect the true agg land, but that particular site made sense I like the positive decision council took on this. The divide with taxable commercial property compared to Westbank First Nations will always be a big challenge. Keen to see the City pursue common economic development goals with WFN. I've weighted tourism 4th but it is obviously an important part of our economy.

Lakeview Heights is shaping up to be a great example of a micro setup, with the supermarket, food establishments, parks, playpark all in walking distance.

---

**Q10. What other projects in your neighbourhood or across the City would you suggest for the future and why?**

As a new family experiencing stroller life, accessibility concerns are now faced more readily. With the new apartment construction in Lakeview Heights it would be amazing for that staircase between Hawthorne Rd and Olalla Rd could be made to be stroller / wheelchair accessible. A missed opportunity not to get the apartment developer to do that while they were doing all their heavy ground work.

**Q4. What additional projects or initiatives in your neighbourhood or across the City are important for future consideration?**

I am a new resident to West Kelowna. I am also a new father (now 18 month old). I would like to see safe cycling pathways around West Kelowna and to downtown Kelowna that do not include the use of Highway 97. I work in downtown Kelowna, and my child's daycare is there as well. I would like to be more environmentally conscious and ride to and from work however there is no obvious safe route to get there which I found quite disappointing. As we move away from fossil fuels, and the volume of cars increase on roads (especially Highway 97), creating a safe bicycle network will be part of our transition to greener future. I'm not sure of the justification for a cycle pathway on Boucherie Road (tourism?) but priorities should be given to routes that will remove the most cars from the roads, be utilised the most and are currently the most unsafe for cyclist.

Yes

**Q3. What comments of support, concerns or questions do you have about replacing Fire Hall #32? (Lakeview Heights area)**

Instead of putting the fire hall in a residential area, it should have been planned for the Bartley Road Works Yard for central and faster response to all emergencies throughout West Kelowna including Casa Loma.

**Q4. What additional projects or initiatives in your neighbourhood or across the City are important for future consideration?**

Road paving, sidewalks, lighting, and protection of citizens. We also need to have a City wide infrastructure depreciation report to know when infrastructure needs to be replaced and reserves to accommodate same. Similar to the original Master Water Plan so we do not waste money in projects that do not benefit the entire population that is supplying 85% of the tax and revenues to the city. Transparency and Accountability of funds needed and used. Our reserves are mostly gone and better planning by the city staff is needed to protect our assets and spending.

**Q5. Pursue Economic Growth and Prosperity Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Tourism: We will work with the Greater Westside Board of Trade, Westside Wine Trail and other tourism stakeholders to promote West Kelowna as a destination for tourism.
2. Westbank First Nation: We will work with Westbank First Nation to pursue common economic development goals and joint actions.
3. Support for Local Businesses & Entrepreneurs: We will engage the Economic Development Corporation, business sector, post-secondary institutions and other orders of government in efforts designed to encourage businesses and entrepreneurs.
4. Economic Development Service: We will engage with stakeholder groups and the business community to optimize the impact of the City's economic development efforts on West Kelowna's economic activity.

**Q6. The City is working to establish a West Kelowna Economic Development Corporation. What priority initiatives do you think the Corporation should begin working on that further develops the economy in West Kelowna?**

We should NOT create such a corporation. We already cover this off in-house and, in our opinion, this is just a way to create more staffing for the city but at arm's length, so such FTEs are not reported, and funding is diverted. The Business community is on WFN land and our Council and staff should accept same and not try to compete with a well-established business community.

---

**Q7. What other economic development and prosperity priorities are important to you?**

New development businesses at ground level with residential above (up to a total of six stories only) but with major consideration adequate parking for both business and residential (IE: a minimum of two parking stalls for each tower resident and at least five parking stalls for the business levels. No more Elliott Road parking fiasco. West Kelowna is not a walking community and if you are living in Westbank you need a car to get to Walmart or Home Depot or the Grocery stores. Please accept that this is not going to change and we will never be a Kelowna downtown so focus on the residents who pay the bills.

---

**Q8. Strengthen our Community Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Accessibility: We will work to ensure that residents and visitors with different abilities are able to use and enjoy our sidewalks, pathways, parks, trails, facilities, beaches and other attractions.
  2. Community Growth: We will plan for the future, guided by Our Community Vision: 2020-2040, in ways that encourage positive growth and respect the community's values.
  3. Gathering Places: We will invest in creating and/or expanding places for people to gather, connect and celebrate community.
  4. Art & Events: We will create opportunities for cultural, music, performing arts and other events across the community.

**Q9. West Kelowna is a truly desirable place to live, work and experience. What is most important to you to keep our community vibrant, strong and connected as we continue to grow?**

Infill has drastically changed the character of neighborhoods. Trying to force residents to take transit or ride bikes is not what you should be focused upon. We need to create adequate parking and roadways for the new residential areas created. City council should listen to the residents who provide 85% of the City Revenues and not the developers who just put pressures on our existing systems without fully paying for the additions. (Roads, sewer, water, power, etc.)

---

**Q10. What other projects in your neighbourhood or across the City would you suggest for the future and why?**

Stop trying to create a Kelowna or Vancouver type of city. West Kelowna used to be unique, peaceful, and have larger lots for residents to breath. Look at Vancouver and see their mistakes that are causing them to have an 11 - 17% tax increase and do not make the same mistakes. Stop developers from ripping up sections of roadways (several times) and not patching them adequately. Developers should be required to repave the entire development road portion not just patch the water or sewer connection. We believe that smaller residential area business areas such as the Lakeview Height Village (Nesters) area are needed in all areas of the city - not just focus on Westbank.

---

**Q11. Foster Safety and Well-being Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Public Safety: We will invest in protective services to provide an enhanced level of public safety to residents and businesses in West Kelowna.
2. Community Health: We will advocate on our own and in collaboration with our regional partners for investments in public health, primary, urgent and acute care services in West Kelowna and within our region.
3. Climate Action: We will take action to protect and preserve our natural assets and environment, reduce greenhouse gas emissions and adapt to the impacts of climate change.
4. Truth & Reconciliation: We will continue dialogue and action that further develop respectful and trusting relationships with all Indigenous Peoples as we work to advance reconciliation.

**Q12. Council continues to advocate for increased health care services and facilities, increased social/attainable housing, increased fire and policing support, power redundancy, improved highway network through West Kelowna and other priorities with all levels of government. What are the most important priorities to you and your family as Council strongly advocates for long-overdue federal and provincial investments in West Kelowna?**

Firstly, we need a Urgent Care Facility that is open not just a four-hour opening. Perhaps put pressure on Interior Health who own the 8.2 Acres of land at Butt and Elliot and make them pay proper taxes instead of a property tax of \$149.77 per year. Weeds do not qualify as an agriculture product. Why is the City giving such breaks that the residential population subsidizes. Policing is an absolute necessity and as there are shortages, the city should be planning better to ensure we have proper protection in future. Having Hwy 97 go through our West Kelowna is difficult to resolve but a focus on a bypass for Westbank and removal of all stop single lights by installation of overpasses etc. should be a focus.

**Q13. Public Safety remains of utmost importance across our community. The current four Police Services Priorities are Road Safety, Violence in Relationships, Police/Community Relations and Crime Reduction. Please tell us the most important policing priorities to you.**

**Other (please specify)**

People are speeding in 30K zones and passing on double solid lines not to mention playing with toys in their vehicles thus crossing over into oncoming lanes. We need more traffic policing and community policing with powers to issue tickets. Willow Beach and the Yacht club areas are prime examples along with boat parking everywhere blocking traffic roadways. Crime reduction should also be a focus.

**Q1. Invest in Infrastructure Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Infrastructure Planning: We will also prepare for funding opportunities by developing shelf-ready infrastructure plans during this Council term.
2. Civic Facilities: We will invest in the civic facilities needed to meet the service needs of West Kelowna's residents and businesses.
3. Transportation: We will improve the City's network of roads, sidewalks, cycling paths, transit infrastructure and multi-use trails to optimize connectivity throughout West Kelowna.
4. Parks & Recreation: We will invest in the parks, trails and recreation facilities required to support an active and growing community.
5. Municipal Water: We will plan and provide for the community's current and long-term needs for clean, safe and reliable water.

Not sure

**Q3. What comments of support, concerns or questions do you have about replacing Fire Hall #32? (Lakeview Heights area)**

not answered

**Q4. What additional projects or initiatives in your neighbourhood or across the City are important for future consideration?**

I would like to advocate for the Okanagan Lake Shopping Centre to be developed for better uses, specifically a large grocery store chain such as SaveOn. This would fit well into the space now occupied by the Landmark cinemas, which by comparison, is used very little.

**Q5. Pursue Economic Growth and Prosperity Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Economic Development Service: We will engage with stakeholder groups and the business community to optimize the impact of the City's economic development efforts on West Kelowna's economic activity.

**Q6. The City is working to establish a West Kelowna Economic Development Corporation. What priority initiatives do you think the Corporation should begin working on that further develops the economy in West Kelowna?**

As stated for question #4, we need a grocery store/supermarket in the Okanagan Lake Shopping Centre

**Q7. What other economic development and prosperity priorities are important to you?**

not answered

A new recreation centre

**Q7. What other economic development and prosperity priorities are important to you?**

Improve roads, sidewalks and pathways. Make West Kelowna pedestrian and bicycle friendly. Right now it is very much vehicle dependent.

**Q8. Strengthen our Community Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Gathering Places: We will invest in creating and/or expanding places for people to gather, connect and celebrate community.

**Q3. What comments of support, concerns or questions do you have about replacing Fire Hall #32? (Lakeview Heights area)**

Fire safety is no negotiable so it sounds like an important priority.

**Q4. What additional projects or initiatives in your neighbourhood or across the City are important for future consideration?**

The pool facility is very old and small. The community is growing and this is something that should be explored. The cost would be big but perhaps considering sponsorships/ partnerships would help ease the financial burden.

**Q5. Pursue Economic Growth and Prosperity Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

**Q6. The City is working to establish a West Kelowna Economic Development Corporation. What priority initiatives do you think the Corporation should begin working on that further develops the economy in West Kelowna?**

There are vacant business space all over West Kelowna. Work to attract businesses to occupy these spaces. More businesses will drive further economic activity.

**Q7. What other economic development and prosperity priorities are important to you?**

West K is a tourist destination for the wineries but we seriously lack a Main Street for those people to walk along, shop, eat and drink along.

**Q8. Strengthen our Community Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

---

**Q9. West Kelowna is a truly desirable place to live, work and experience. What is most important to you to keep our community vibrant, strong and connected as we continue to grow?**

Infrastructure investment (sidewalks in neighborhoods) and some major intersections need attention. The water treatment plant is long over due and needed so a step in the right direction. And again, attracting businesses to fill the vacant spaces and creating an attractive Main Street for residents and tourists.

---

**Q10. What other projects in your neighbourhood or across the City would you suggest for the future and why?**

Sidewalks (big opportunity to partner with WFN on this), better intersections (specifically butt and old okanagan), Main Street revamp, new pool at some point

---

2. Transportation: We will improve the City's network of roads, sidewalks, cycling paths, transit infrastructure and multi-use trails to optimize connectivity throughout West Kelowna.
3. Municipal Water: We will plan and provide for the community's current and long-term needs for clean, safe and reliable water.
4. Infrastructure Planning: We will also prepare for funding opportunities by developing shelf-ready infrastructure plans during this Council term.
5. Civic Facilities: We will invest in the civic facilities needed to meet the service needs of West Kelowna's residents and businesses.

**Q2. The City will need to begin the process to replace Fire Hall #32 this year as the building is long past its functional lifespan. Are you aware of the critical need to replace this Fire Hall in West Kelowna?**

Yes

**Q3. What comments of support, concerns or questions do you have about replacing Fire Hall #32? (Lakeview Heights area)**

Given our wild fire concerns virtually every year, we must support and prioritize our ability to fight fires and effectively evacuate our citizens which also seems to happen every year.

**Q4. What additional projects or initiatives in your neighbourhood or across the City are important for future consideration?**

Projects that enhance our existing parks and recreational opportunities that promote the physical and mental wellness of our citizens. As funding and opportunities to acquire new parks and beaches is apparently limited, we must protect and enhance what we already have. In particular the Gellatly Bay recreation corridor serves this purpose for all of WK, and must be protected from over development, both business and residential, for us and future generations .

**Q5. Pursue Economic Growth and Prosperity Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Support for Local Businesses & Entrepreneurs: We will engage the Economic Development Corporation, business sector, post-secondary institutions and other orders of government in efforts designed to encourage businesses and entrepreneurs.
2. Economic Development Service: We will engage with stakeholder groups and the business community to optimize the impact of the City's economic development efforts on West Kelowna's economic activity.
3. Tourism: We will work with the Greater Westside Board of Trade, Westside Wine Trail and other tourism stakeholders to promote West Kelowna as a destination for tourism.
4. Westbank First Nation: We will work with Westbank First Nation to pursue common economic development goals and joint actions.

**Q6. The City is working to establish a West Kelowna Economic Development Corporation. What priority initiatives do you think the Corporation should begin working on that further develops the economy in West Kelowna?**

Build on our strengths and not our weaknesses. eg Tourism -promote our wineries, which are second only to Naramata and Oliver, and the tourists in Kelowna will come and spend their money here. -On the other hand, our beaches and parks cannot accommodate our our existing residents, let alone future residents and certainly cannot become a tourist destination.

---

**Q7. What other economic development and prosperity priorities are important to you?**

Focus on economic development that doesn't need hi density and hi rises to survive. Economic development is good but not at a cost which to the people who live live here.

---

**Q8. Strengthen our Community Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Community Growth: We will plan for the future, guided by Our Community Vision: 2020-2040, in ways that encourage positive growth and respect the community's values.
  2. Art & Events: We will create opportunities for cultural, music, performing arts and other events across the community.
  3. Gathering Places: We will invest in creating and/or expanding places for people to gather, connect and celebrate community.
  4. Accessibility: We will work to ensure that residents and visitors with different abilities are able to use and enjoy our sidewalks, pathways, parks, trails, facilities, beaches and other attractions.
- 

**Q9. West Kelowna is a truly desirable place to live, work and experience. What is most important to you to keep our community vibrant, strong and connected as we continue to grow?**

Do not try to recreate Kelowna in WK. Be content to be a happy prosperous suburb next to a large city with all of its amenities (think St Albert and Sherwood Park which are prosperous, desirable communities next to Edmonton without the crime and homeless problem). Our award winning Vision did not call for hi density or hi rises but rather a community that grows thoughtful and not in a hurry to be big fast. That is why we chose to live here.

---

**Q10. What other projects in your neighbourhood or across the City would you suggest for the future and why?**

Promote projects that make WK a better place to live and raise your family. Enhance and protect our beaches and recreational amenities for our residents. Don't make them a tourist destination but rather a resident destination. Art and cultural events especially in the summer make this a great place to live.

---

**Q11. Foster Safety and Well-being Pillar Under each of the headings, please tell us which projects or initiatives are most important to you.**

1. Community Health: We will advocate on our own and in collaboration with our regional partners for investments in public health, primary, urgent and acute care services in West Kelowna and within our region.
  2. Public Safety: We will invest in protective services to provide an enhanced level of public safety to residents and businesses in West Kelowna.
  3. Climate Action: We will take action to protect and preserve our natural assets and environment, reduce greenhouse gas emissions and adapt to the impacts of climate change.
  4. Truth & Reconciliation: We will continue dialogue and action that further develop respectful and trusting relationships with all Indigenous Peoples as we work to advance reconciliation.
-

**Q12. Council continues to advocate for increased health care services and facilities, increased social/attainable housing, increased fire and policing support, power redundancy, improved highway network through West Kelowna and other priorities with all levels of government. What are the most important priorities to you and your family as Council strongly advocates for long-overdue federal and provincial investments in West Kelowna?**

Health and public safety are our highest priorities. We must promote and fund them. In addition we can foster our community and individual well being by providing opportunities for a healthy lifestyle. By protecting our recreational and family areas, such as the Gellatly Bay corridor, we encourage wellness which can reduce the demand for health and safety by citizens. It also will be a legacy for the generations that come after us.

---

I gather that West Kelowna is working on completing their housing strategy. Although a long time in preparation it seems. I look forward to seeing this. I hope to see a citizen advisory committee developed to help/direct/work with the shelter and homeless population that is located at Bartley Rd. I am not opposed to the shelter but would like to work to ensure the shelter has close relationship with the citizens. At the time I understand the shelter is governed by a local group but I cannot seem to find out who. To this end, it would be essential to involve citizen from the community to actively participate with that part of the housing strategy, much as the economic development commission operates (and assuming that this EDC has local support and involvement)
