### Technical/Design Matters

1. **Submission of designs and cross-sections, cost estimate, and development agreement** for the full width of the Glenrosa Road improvements from and including the subject properties to Gates Road to the satisfaction of the General Manager of Development Services (full width improvements include curb, gutter, sidewalk on the north side of the road and ditch on the south side).
2. **Submission of designs, cost estimate, and development agreement** for all required off-site improvements related to a revised storm water management plan for the Glenrosa Road improvements, including details on storm detention facilities, and a revised servicing report, including design criteria and rationale for Glenrosa Road and any deficiencies associated with the required road standard, to the satisfaction of the General Manager of Development Services.
3. **Submission of a design, cost estimate, and development agreement** for the installation of curb extensions at crosswalk on Salmon Road fronting the elementary school.

### Legal Matters

A portion of the pedestrian trail may also need to be secured through right of way if it cannot be accommodated within the P1 area (note that a trail cannot be established within the riparian area).
