• **Boucherie Rd.**

• **Kalamoir Park**

• **Montigny Rd.**

• **Gregory Rd.**

We don't necessarily need expensive sidewalks. Asphalt bike path walkways are often sufficient.

Survey shows That Homelessness and Theft is certainly an important issue, but it is not clear what we can do at the neighbourhood association level.

Homelessness and Theft

LVHCA Conclusions

We are seriously underserved for active parks and need to find a solution very quickly.

Walkways are very important to our residents, but they are not part of the Trails Master Plan.

Homelessness and Theft remain an important issue.
