

- + Green Bay Property Owners Association 2024 Presentation for the City of West Kelowna
- + Presented by Wayne Heal & Bea Kline

**Last year 2023 Social and
AGM was a blast, band
and food from Green Bay
Bible Camp purchased.**

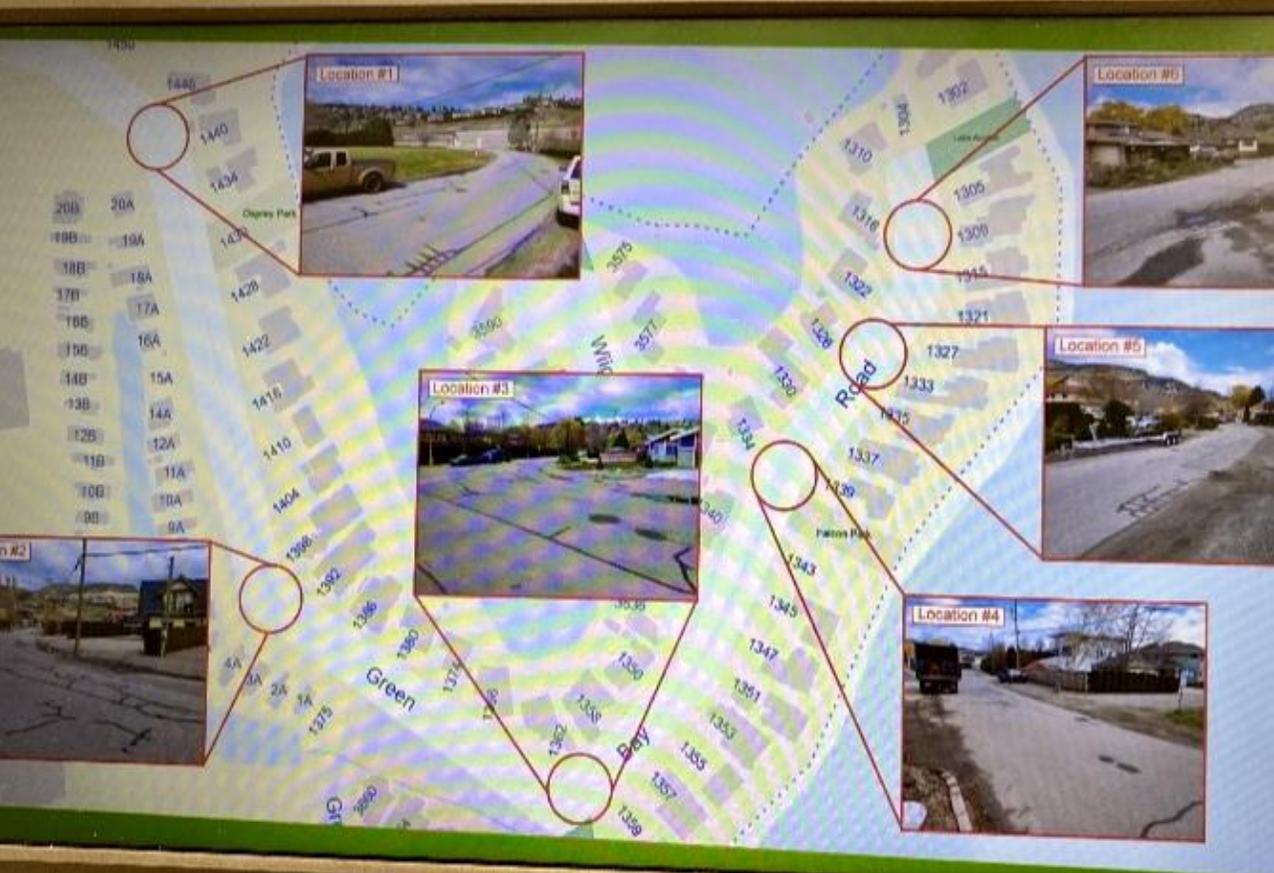

**Dancing on the
street once
again soon 😊**

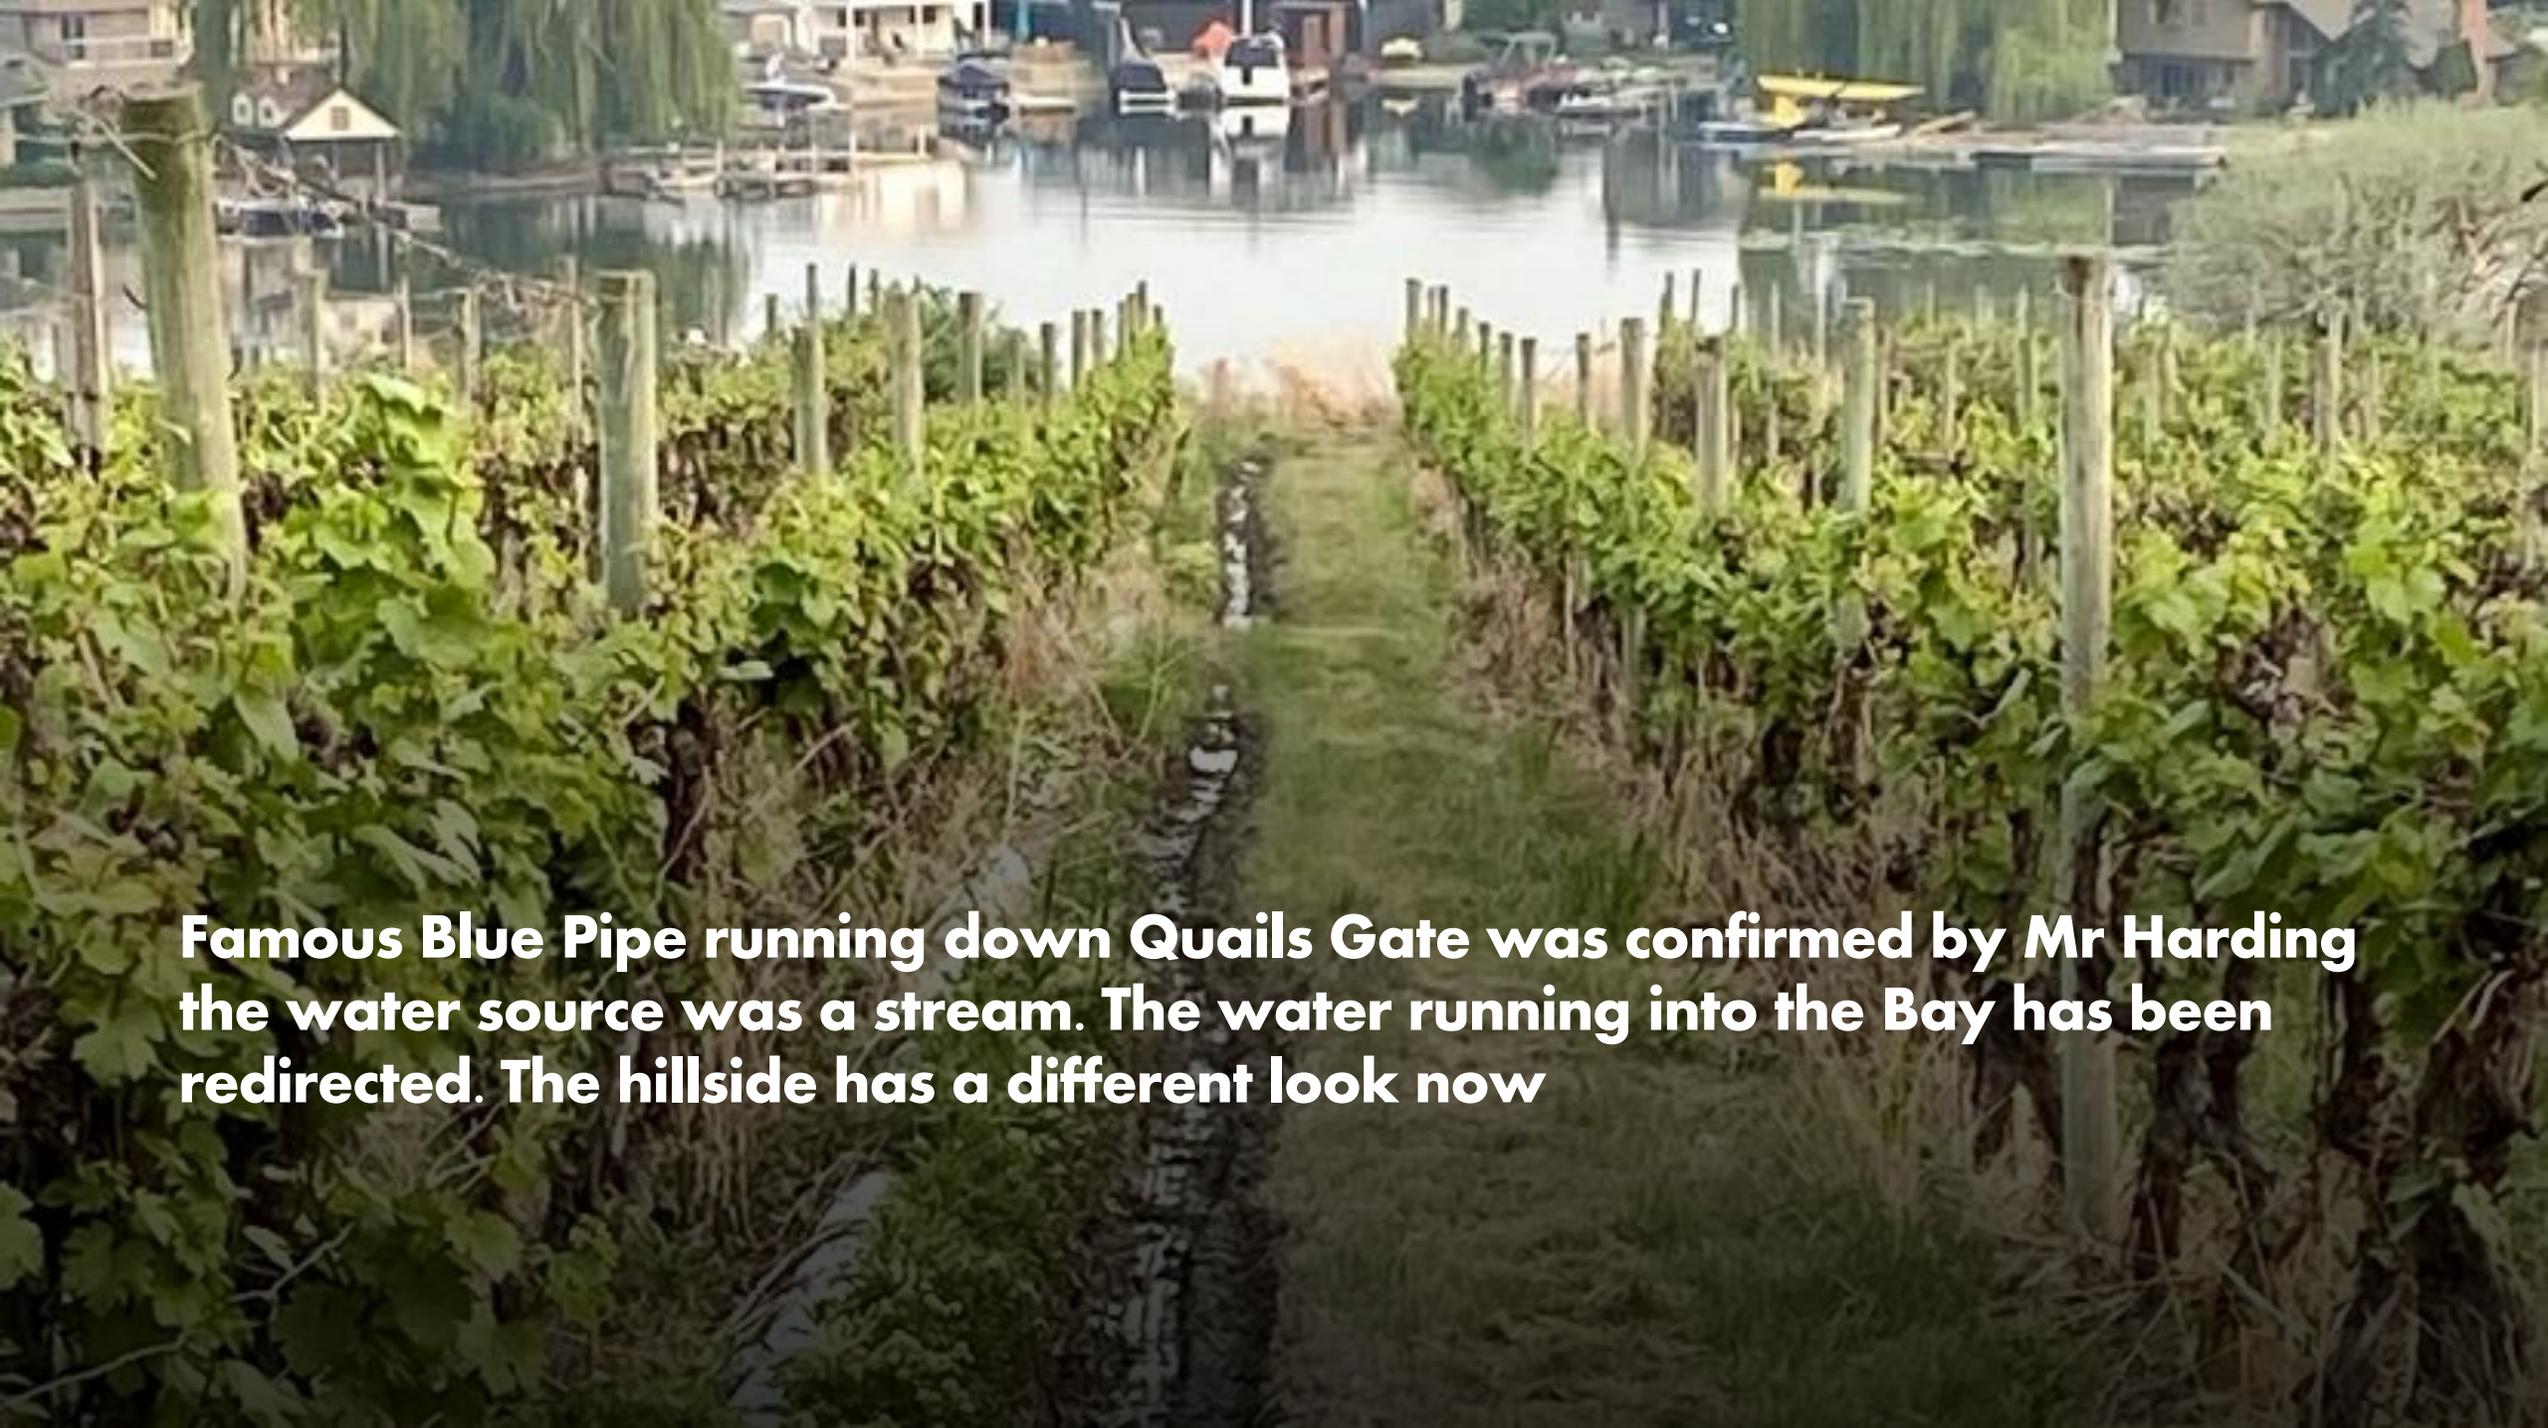

Family fun times was had by all ♥

Green Bay Drainage is well on the way to be completed 2024 fingers crossed

- + The remaining to be done is by Falcon Park, to the end of Green Bay road...picture from last rain fall in May 2024. Drainage issues 1, 2,3 completed.

Famous Blue Pipe running down Quails Gate was confirmed by Mr Harding the water source was a stream. The water running into the Bay has been redirected. The hillside has a different look now

**Phase one completed
waiting for Front
Counter BC for
approval for Dredging.**

Phase two if permits approved will make a tremendous improvement in the bay.

Safety improvements have started for the new trail pedestrian/bike rider vs car on Green Bay Road.

But something else for safety is required we feel ?

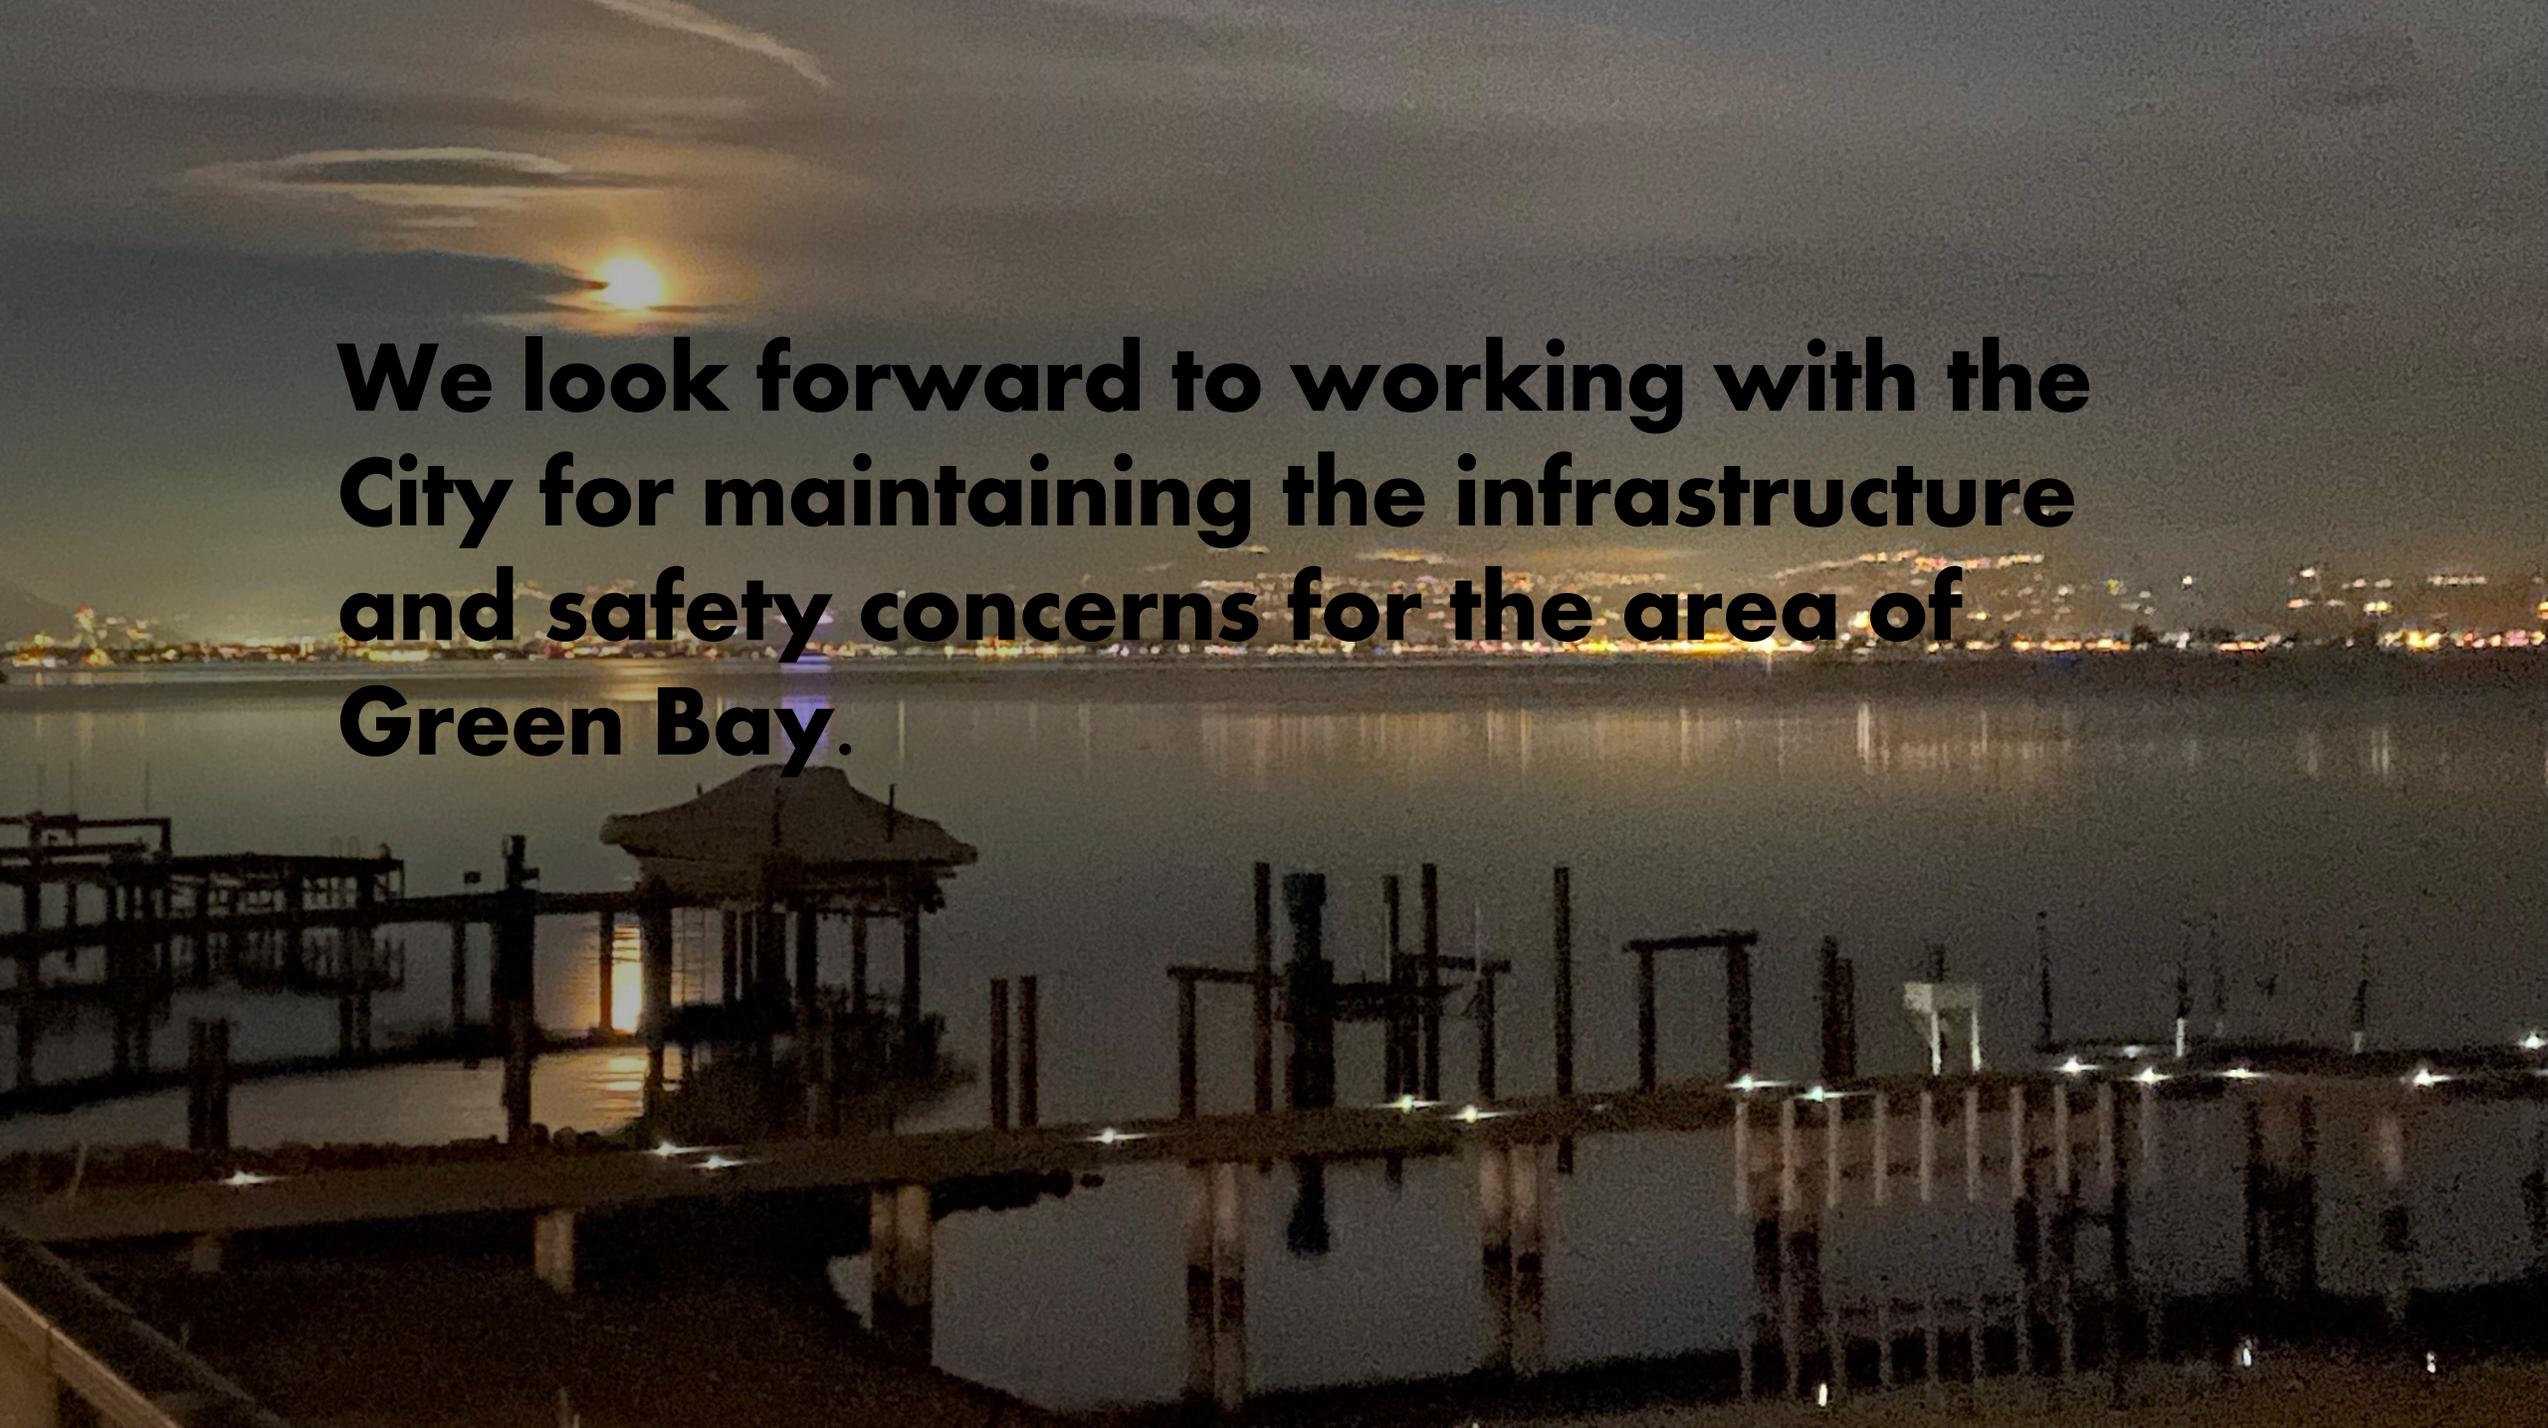

No sign warning of cars when coming near road .

Green Bay has seen an increase of wild life.

Concerns about maintenance on boulevard and parks for safety and appearance.

A nighttime photograph of a waterfront area. In the foreground, a wooden pier structure extends into the water, featuring a small gazebo-like structure with a thatched roof. The water is dark, reflecting the lights from the pier and the city in the distance. The background shows a city skyline with numerous lights, including a prominent bright light source, possibly the moon or a large building, partially obscured by clouds. The overall scene is dimly lit, with the primary light sources being the city lights and the moon.

We look forward to working with the City for maintaining the infrastructure and safety concerns for the area of Green Bay.
