**DETAILED FEEDBACK REPORT**  
August 2024

SURVEY QUESTIONS

**Q1 | Section 1: Community Centre** What do you think makes a great community centre?

**Describe this place below:**

Anonymous

7/29/2024 02:30 PM

Ease of access and hours of use.

Anonymous

7/29/2024 02:46 PM

it should be gathering space for community events, meetings, performances- in effect the current day version of the old village town hall.

Anonymous

7/29/2024 02:59 PM

Easy access. Parking. Inviting landscaping. Green space and playground.

Anonymous

7/29/2024 03:05 PM

Room /hall that can be rented for events with commercial kitchen.

Anonymous

7/29/2024 03:07 PM

Inexpensive, easy access

Anonymous

7/29/2024 03:16 PM

space for meetings/events, inclusion of playing surfaces for as many sports as feasible; available parking and bike racks; multiple access paths (by foot, bicycle, car).

Anonymous

7/29/2024 03:26 PM

Lots of activities.

Anonymous

7/29/2024 03:58 PM

Open concept space that is available for renting for community/private gatherings, washrooms, minor kitchen with fridge space and sink. Chairs and tables that you can bring out and store away.

Anonymous

7/29/2024 04:10 PM

Functionality and design. Has to be affordable like the previous one.

Anonymous

7/29/2024 04:13 PM

A place that will actually be used by the community for the community on a regular basis. It would have facilities that allow for community use such as town hall meeting space, more than one washroom, audio visual equipment, kitchen facilities to allow for renting the facility out for community activities such as birthday parties, weddings

as well as large meetings.

Anonymous

7/29/2024 04:18 PM

public accessibility whether walking, driving, biking etc. Programming suitable to a broad range of residents.

Anonymous

7/29/2024 04:20 PM

a gathering place for community activities/meetings, kids indoor programs. Should have some kitchen facilities, option of using chairs/tables, pull-down screen to project presentations from laptops.

Anonymous

7/29/2024 04:22 PM

Accessibility, adequate capacity, adequate kitchen facilities & accessories, air conditioning/ heating.

Anonymous

7/29/2024 04:26 PM

Ice rink with condenser, used as a lacrosse box/road hockey in summer. Indoor meeting rooms, gathering place indoor. Commercial kitchen space that can be rented with funds going back to Cory of West Kelowna.

Anonymous

7/29/2024 04:34 PM

A multi-purpose facility that would include concerts and sporting events

Anonymous

7/29/2024 04:41 PM

Bathrooms open all year long , places for several different activities not just the same ones we already have.

Anonymous

7/29/2024 04:47 PM

The space can be used by many different groups

Anonymous

7/29/2024 04:49 PM

Affordable, accessible and something for everyone.

Anonymous

7/29/2024 05:22 PM

An area where people want to gather and connect

Anonymous

7/29/2024 05:23 PM

Sports courts. Playgrounds. Parking

Anonymous

7/29/2024 05:52 PM

A place where people of all ages can come and enjoy activities

Anonymous

An area that gives kids something low cost to do

7/29/2024 05:56 PM

Various activities. Vibrant. Gives kids something to do. Respects neighbours.

Anonymous

7/29/2024 06:20 PM

Access for community events. A well defined calendar of events.

Anonymous

7/29/2024 06:28 PM

Having amenities that brings people together. Physical fitness, family and celebration (hall). Also having a fire hall is amazing.

Anonymous

7/29/2024 07:03 PM

Cultivates community by having shaded areas for families, grass and play space for all ages 1-99 Walking paths, a hall for gathering, picnic spaces, clean washrooms

Anonymous

7/29/2024 07:11 PM

A place with lots of options/events/get togethers for young families and kids. Also a great playground!

Anonymous

7/29/2024 07:26 PM

A place everyone can enjoy, not only adult and children but youth as well. My son and his friends enjoying playing basketball, and when to this location to shoot hoops, hopefully the plan is to have basketball. The youth in West Kelowna, don't have many places to gather for activities.

Anonymous

7/29/2024 07:27 PM

A great community centre is open long hours, delivers lots of programs for all ages, and offers activities that bring people together.

Anonymous

7/29/2024 07:30 PM

Capacity for up to 100 ppl. Optional kitchen facility rental. Housekeeping/janitorial services for post rental cleanup. Outdoor bbq/seating area. Sidewalks and street lighting for all of Anders Rd. Sufficient parking for all users of the community center and firehall (visitors and employees)

Anonymous

7/29/2024 07:47 PM

Full access and welcoming feeling, use by community

Anonymous

7/29/2024 07:56 PM

Affordable, indoor and outdoor space, kitchen,

Anonymous

7/29/2024 08:07 PM

Hall rental, kids room or area with indoor kid activities, good parking, variety of amenities to access.

Anonymous

7/29/2024 08:18 PM

Multiuse sports from Tott soccer to seniors chair yoga. A place for community learning such as first aid fitness dance lessons cooking lessons. An event space is much needed in this town With kitchen to accommodate large groups. Perhaps an accordion partition wall to accommodate multiple activities at the same time. I recommend consulting long-standing caterers in West Kelowna for tips on kitchen. Maybe some storage for tables and chairs to rent for events. Is there a possibility for multiuse lighting for example a basketball game may need more light than a wedding reception ect.. Outdoor gazebo area, possibly to rent for wedding ceremonies or celebrations of life or family reunions. I realize there could be some insurance logistics in some of these suggestions however perhaps a club could manage?

Anonymous

7/29/2024 08:24 PM

Somewhere family, friends and the community can be proud of and go to share with each other.

Anonymous

7/29/2024 08:27 PM

A place with diverse opportunities for residents to interact and find resources.

Anonymous

7/29/2024 08:30 PM

A place for every age group. A space that services West Kelowna above all and is not controlled by specific groups. Accessibility. A space and its buildings that is sympathetic to the surroundings.

This space should have indoor and outdoor community space, and be inclusive for all with varied access methods, facilities and equipment. It should also consider the significant population growth across the street and take into account a potentially younger growth demographic. This could mean less focus on significant tennis space and more on green and child + dog friendly space. 8 tennis courts seems a disproportionate use of the available space, if we are re-imagining its use. And where do all of the kids and pets run?

Anonymous

7/29/2024 08:51 PM

Keep homeless people away we don't want them coming into the community.

Anonymous

7/29/2024 08:58 PM

Playground and fields for kids to play in in your neighbourhood.

Anonymous

7/29/2024 09:07 PM

A great playground!

Anonymous

7/29/2024 09:11 PM

Easy to access for all. Includes a variety of activities for people to participate in.

Anonymous

7/29/2024 09:22 PM

Having an opportunity for multiple sports and activities to be enjoyed.

Anonymous

7/29/2024 09:26 PM

Sports and activities centre, tennis, pickleball, kids play area

Anonymous

7/29/2024 09:37 PM

Why does the community center have such a weird shape. Is the long and narrow part in the back a hall way? Seems wasted space.

Anonymous

7/29/2024 09:52 PM

Amenities that meet the needs of the local neighborhood.

Anonymous

7/29/2024 10:01 PM

Multiple indoor spaces for various groups to hold meetings. Outdoor spaces to gather with friends or enjoy a meal or coffee. Space for outdoor entertainment like small musical performances. Playground for youth

Anonymous

7/29/2024 10:16 PM

All season tennis courts (bubble in the winter). Tennis clubhouse.  
Basketball court. Community hall. Playground for kids.

Anonymous

7/29/2024 10:36 PM

A space that is similar to the last community hall, maybe a bit bigger.  
Not overly modern, but a bright and lovely inviting space for all people  
to gather. And definitely a fun color on the outside. Not grey or white.

Anonymous

7/29/2024 10:54 PM

Availability for many groups of people... a gym... courts for people to  
use

Anonymous

7/30/2024 05:20 AM

Green space, diverse areas for all ages to 'play.' This would include  
courts not limited to tennis, pickleball and basketball. A field to play  
SOCCER Indoors, room to hold a variety of community events., hold  
classes and social activities.

Anonymous

7/30/2024 06:12 AM

A place that has activities for all age groups, but focus on younger  
age groups

Anonymous

7/30/2024 06:20 AM

A large open indoor place to gather, hold meetings, parties, and come  
together. Washroom and kitchen facilities.

Anonymous

7/30/2024 06:33 AM

Fire Hall should not be rebuilt as it served no purpose.

7/30/2024 07:20 AM

A place where people can gather and share stories and experiences.

Anonymous

7/30/2024 07:27 AM

Innovative, room for expansion, collaborative spaces, a great kitchen  
area, at least one larger room for functions.

Anonymous

7/30/2024 07:29 AM

A place where the neighbourhood residents can meet, classes and activities can be held and the hall can be rented for private and public functions. My kids used the old hall for Brownies and babysitting classes. People had wedding receptions there. It was a meeting place for the community.

Anonymous

7/30/2024 07:33 AM

Great well planned Kitchen, portable tables for dinners games, classes. Open floor for dance or exercise classes Excellent air exchange

Anonymous

7/30/2024 07:35 AM

Integration of equipment, park and usage for all ages. Dog park, water park, walking circle, watering hole for dogs and people, a sitting area / picnic area, outdoor exercise equipment and a walking and biking trail connecting it all together. The tennis courts can only be used for 1 sport or 2 pickleball - otherwise that area isn't available to any other demographics, sporting groups or those who want to enjoy the area. Pickleball isn't for all, those who want to play it can make it to a destination - Please keep this park available for all not just one demo group.

Anonymous

7/30/2024 07:35 AM

One that is accessible to all including baby strollers. Easy access washroom facilities - touchless open doors accessible from outside for quick playground breaks. Easy access indoor play area for rainy day activities. Light, airy, bright with windows.

Anonymous

7/30/2024 07:37 AM

The concept drawing looks inclusive but I cannot tell the size of the Community centre. Perhaps further down the pages or in another site. That is important to me.

Anonymous

7/30/2024 07:50 AM

It looks great with everything included so far, a nice off leash dog park would be a great addition as well. Also an indoor/outdoor swimming pool!

Anonymous

7/30/2024 08:04 AM

It should be the hub of the community so that there are activity offerings for all members of the community such as arts and crafts classes, yoga, pilates and exercise classes, dance classes as well as availability for local community and service groups to meet.

Anonymous

7/30/2024 08:07 AM

Sport facilities and meeting space

Anonymous

7/30/2024 08:26 AM

A central hub for meeting with others including in the community not just for children and seniors or those completing arts or athletics, but a good gathering for all: Waterfall feature, seating areas, cafes etc.

Anonymous

7/30/2024 08:32 AM

A variety of activities and amenities for people of all ages. Lots of green space and fields for running/soccer/playing/etc.

open space where you can throw a football or baseball or fling a frisbee

Anonymous

7/30/2024 08:44 AM

The variety of uses. Indoor, outdoor, ability to use the indoor and outdoor spaces year round. The ability to use small spaces, and host larger events. The ability to use it without booking such as outdoor courts, fields, and shaded areas. An outdoor skating rink is the dream. Neighbourhood kids skating all winter, late into the evening playing shinny together. Affordability to rent the hall for those who live in the neighbourhood or catchment area. This is the Okanagan so we have to be realistic on who would be booking the hall, it could be anyone from any location if it is a low cost venue.

A mix of various activities to feel busy and vibrants. Lighting for the courts if people are playing later.

Anonymous

7/30/2024 09:40 AM

A school should exist in the centre of this ever growing community Recreation facilities/ fields and green space need to also be included.

Anonymous

7/30/2024 09:47 AM

Lots of options for all aspects of all families. There are a lot of play structures for little kids in West Kelowna and hardly anything to keep our teenagers busy. I would love to see more options for the "big kids".

Anonymous

7/30/2024 09:57 AM

Options for seniors activities.

Anonymous

7/30/2024 03:38 PM

Accessible, inviting, part of the community ie hosting events, listening to the neighbours about emergency exits strategies and taking action. Too many neighbours in WK have only one exit strategies for people bars along roads. When the fire was burning they were finally opened and now we corralled again. Traffic continues to grow Leno buses more cars and not safe for people to get around especially in an emergency.

An area large enough to hold meetings, events, services (COL) in "one" room. Easy accessibility ie wheelchair accessible, seniors with walking aids ie walkers. Facility has cooking amenities for events being held ie weddings, parties and sufficient parking. Lots of light coming in so your not in a dark room. Storage for tables, chairs. And of course washrooms IN the community center so one doesn't have to go "outside" as they have to do at the soccer field in Rose Valley! ♀

Essential requirement is for a community centre that fulfills with the needs of the local community that is in the catchment area for use of the hall. Canvassing this local community would be a good start in the process, with support and guidance of the City in the planning process. Simply borrowing large sums of money for the design and build, in order to short-cut public discussion and push the decision through without proper public accountability, is not only the wrong way to decide on what could be a great community centre but it is undemocratic and simply passes the costs on to future generations at further increased cost.

Anonymous

7/29/2024 04:13 PM

From this picture, the community centre does not look very functional. It looks like an add on because some said you need to include a community centre. If you look at my comments above then this picture is inadequate. However, the picture below seems to show a larger facility that could be more acceptable. Since pickle ball is such a popular sport especially for the "older" crowd, you need more pickle ball courts and fewer tennis courts.

Anonymous

7/29/2024 04:22 PM

This looks like good use of the limited space. I'm sorry for the loss of the field area tho.

Anonymous

7/29/2024 04:26 PM

Ice rink. Go with 3 tennis courts and 3 pickle ball courts. Expanded parking- eliminate the playground and look elsewhere.

Anonymous

7/29/2024 04:40 PM

The demand for pickleball far outweighs the demand for tennis and this gap will only widen with time. If built the way the site plan is currently configured it will be out of date before the project even begins. More pickleball courts and less tennis courts would truly reflect the current and future needs of this community. (Pickleball is now a part of the high school curriculum)

Anonymous

7/29/2024 04:41 PM

Would like to see an indoor court for basketball and volleyball with a gym above it looking down. And have open nights. Several youth use the Wfn gym but during day it is in use for there summer programs and then it is rented out most of the time to volleyball leagues. Kids want to play basketball but there is no where to go on the Westside that has a decent court all year long.

Anonymous

7/29/2024 04:47 PM

Anonymous

7/29/2024 05:22 PM

Splash pad, area for dogs Does the community centre have an area for food/beverage? After playing sports people will likely want somewhere to grab a drink (smoothie bar/cafe). Could then have some outdoor seating.

Anonymous

7/29/2024 05:23 PM

More pickle all courts as hundreds of residents will soon be living across the street as well firefighters frequently use courts when available. Only having 3 courts is par for West Kelowna as we're always behind and seldom proactive! Boucherie pickelball club has a long waiting list to join! Seniors need something to do!

**Anonymous**  
7/29/2024 05:52 PM

Community centre, playground, recreational area sharing the building and parking area with a busy fire hall is absolutely ridiculous. It is unsafe for the public to be on site and within close quarters of the firehall, can hinder emergency response, and sirens will interfere with athletes training.

Anonymous

7/29/2024 08:38 PM

Ensure separated parking for fire staff and for public using amenities, include accessible parking spots, there should be open play space (eg where little kids can run or kick a ball?)

Anonymous

7/29/2024 09:52 PM

Convert the tennis courts to pickleball or at least create more than three pickleball courts. Pickleball is far more popular and should have the same benefit of being lit like the tennis courts.

Anonymous

7/29/2024 10:01 PM

People will be crossing the grass from the parking area to access the pickleball and other amenities I think a parkour-style aspect to the play area will make it more useful for families as demographics change

Anonymous

7/29/2024 10:16 PM

Make sure tennis courts and sports court have easy access to bathrooms.

Anonymous

7/29/2024 10:36 PM

A sports box shaped like an actual hockey rink, not round ends like the last one had. Making sure all the parking for the amenities is ONLY used by people utilizing them. Having signs indicating that people living in the 6 story complex can't park there. That is a huge concern.

Anonymous

7/29/2024 10:54 PM

Less tennis more pickleball or even them out

Anonymous

7/30/2024 01:46 AM

The parking lot layout looks ver inefficient. A lot of asphalt for the amount of parking stalls. The firehall location should have been pushed to one side to combine the parking lots. 3 pickleball courts is not enough. Overall the layout seems to be space inefficient.

Anonymous

7/30/2024 05:20 AM

Combining a fire hall and a community centre is a VERY unfortunate choice. The two seem totally counterintuitive. No on in the community that we have spoken to wants this combination. It's off puttting and bizarre. As well, aesthetically there is no way to make it a welcoming warm 'community centre, when a large functional firehall is looming over what should be a fun, happy and pleasing space for our community. Why not tear down and rebuild the original firehall site?

Anonymous

7/30/2024 06:12 AM

Less parking, more room for outside activities also wide pathway for easy access for all

Anonymous

7/30/2024 06:20 AM

Anonymous

7/30/2024 06:39 AM

More public parking spaces

Anonymous

7/30/2024 06:49 AM

Not much of a community center, it's all firehall and tennis courts. I would say not enough parking but seeing it now as it's mainly for

tennis courts the parking is fine. We still need to drive to Kelowna for sports. At least the tennis players and city hall employees are happy.

Anonymous

7/30/2024 07:13 AM

Add at least one more pickleball court - perhaps reducing tennis courts. Expand community indoor space to ensure indoor fitness space (weight room, fitness studio).

Anonymous

7/30/2024 07:20 AM

This is a great start. Perhaps need to look at the number of Tennis Courts vs PickleBall Courts at the very least permanent pickleball courts should be equal to the number of Tennis Courts.

Anonymous

7/30/2024 07:29 AM

The soccer fields are gone. We need more places for families and youth in our communities.

Anonymous

7/30/2024 07:33 AM

Tennis facilities needs storage close but off courts for ball machine and extra teaching aids nets and balls. More parking and leave cedars as many as possible to buffer horrible pickleball noise

Anonymous

7/30/2024 07:35 AM

Remove pickleball and tennis courts, create an interactive park and usage area for all. Create a park pathway and bikeway that can be walked around or biked around connecting other trails so it can be used for all rather than tennis and pickleball.

Anonymous

7/30/2024 07:35 AM

Definitely need more seating so caregivers can view tennis lessons and playground from different angles. Shading from trees is good. Good use of pathways. Kids will likely want to have their rollerblades on and will have hockey sticks, helmets, gear, headed to the outdoor rink. Picnic tables around are good for birthday parties and picnics.

Anonymous

7/30/2024 07:37 AM

Parking of course needs to be adequate, with bike storage

Anonymous

7/30/2024 08:58 AM

There is not enough parking in the above illustration. If you consider the amount needed for staff and community users. Consider that each court (either pickle ball or tennis) can require up to 4 parking spaces per court. There has already been complaints from the commercial properties about parking and with the additional condos being built, parking is a huge problem.

Anonymous

7/30/2024 09:02 AM

Anonymous

7/30/2024 09:40 AM

Anonymous

7/30/2024 09:47 AM

You will need more parking. Especially when the tennis courts and pickleball courts are full. There is not enough parking for anyone who wants to come into the building.

Anonymous

7/30/2024 09:57 AM

Turn the building 90 degrees clockwise or anticlockwise to allow the fire vehicles direct access to Anders Drive instead of having to make a sharp 90 degree turn to get into the building.

Anonymous

7/30/2024 10:07 AM

Anonymous

7/30/2024 10:13 AM

put a running loop around the outside edge of the playing areas/fields so we can have a safe running loop to use while our kids/families are playing. A skate/scooter track would be a great addition too.

Anonymous

7/30/2024 10:17 AM

I hope there is a secondary space, perhaps across the road, for additional parking. If the community hall were to be rented for a function there would need to be enough parking. Also I hope the community centre will have the potential for an indoor/outdoor space and be acoustically set up for live music.

Anonymous

7/30/2024 10:22 AM

Pathways, clear sight lines, outdoor lighting for evenings.

Anonymous

7/30/2024 10:26 AM

Things to consider putting in: Hockey ring Little splash park (like Peachland) Please do not: NO LIGHTS !!! (We are neighbors of the community centre and with lights means a lot more noise! And late nights. Please do not put up lights for the sports courts or the pickleball courts. There are bylaws about lights and with the community centre being so close to townhomes and houses you can not put up lights that close. Pickleball is already a very noisy sport and if there are lights it will be way too noisy for the community. Already pickleball people start very early and wake us up, and we need some reprieve in the evenings. Sometimes People put up their own lights and play late at night. Please no lights. Already the tennis courts lights are way too close for neighbouring buildings (as per bylaws) but somehow that went through, which I don't understand. Also, I know weddings are a consider action, but again with it being so close to homes - noise is a concern. Already in the past weddings went very late and the noise and music was very loud. A community centre right in a tight neighborhood might not be the best place for a wedding. In town is one thing, but with homes right next door - you have to consider that.

It would need good signage to indicate what facilities are on the property. The fire hall and the parking lot hide what is in behind. Also indicate what parts of the property the public needs to keep away from (e.g. the fire hall).

DEFINITELY PADEL TENNIS COURTS!!! Padel tennis is the fastest growing racket sport in the world and is for all levels and ages For example in England all the big tennis clubs are changing tennis courts to Padel and so many tennis players are changing to Padel Tennis Always played in 4s it maximizes the usage of the courts, fun, fast AND your firefighters would absolutely love it best of all! Canada is behind in taking up Padel as Pickle Ball is so prevalent so let's have West Kelowna lead the way. I PROMISE it will be the most used sport there. I winter in Carvoeiro Portugal and the Tennis club there has changed mostly to Padel as it is by far the most popular. Please email Nancy at [president@padel.ca.com](mailto:president@padel.ca.com) for more information- you won't regret it !

Anonymous

7/30/2024 01:28 PM

Keep the emergency response fire hall separate from the leisure community centre - both buildings should not be on the same plot of land. This plan does not have enough parking for all of the firefighters and community centre workers in addition to a busy day with sports events. Guaranteed, players and attendants will not be grateful of distractions through intermittent lights and sirens during matches or events.

Anonymous

7/30/2024 02:41 PM

I am hoping that the tennis Club will be allowed to move forward with construction of the unanimously supported Tennis Bubble over the front 4 courts to allow indoor tennis to flourish. This construction is to be at no cost to the City. I would hope that consultation continues with our club to allow access from the clubhouse on to the front 4 courts.

Enlarge the play ground for families. Too many pickle/tennis courts. Either combine them or make less. Is this community center for the tennis and pickleball players only cuz it sure is taking up most of the space! Mt Boucherie and Green Bay also have pickle ball courts so it's not like we don't have any available here. The parking spots look small and very tight for getting in and out (or that's what it looks like on the drawing) also concern with the condo/apartments next door where people/visitors will end up parking in this community centre parking area as there's no parking (or it seems like) around that new development!

It does not have enough parking for the amount of amenities available. If all are being used then vehicles will be overflowing the streets. A suggestion may be to delete a couple courts. It would lessen the amount of people using the facility and allow for more parking.

7 - given the neighborhood and number of families I strongly believe there should be a bigger playground, with different zones for different kids. A splash pad would be a nice luxury but I appreciate that would significantly increase the cost. 6 - 8x tennis courts seems excessive, it takes up a lot of space and only benefits a small subset of the community. Pickleball also seems to be more popular these days? But I appreciate tennis courts can be used for that too. Reduce number of tennis courts and increase playpark please! X - I put a post on the lakeview heights facebook group that has generated A LOT of comments you should check out.

It would be amazing if the Sport Court court could be an ice rink in the winter! West Kelowna doesn't currently have an outdoor rink and I think being attached to the Fire Hall would be feasible to have them flood it. I think it would be easy to set up a donation mechanism for their charity and allow them to be even more involved in the community.

I appreciate the layout BUT I see that the playground, the sport court, the green space (and even the community centre) are occupying a very small area compared to the tennis courts. The tennis courts are used by a reduced number of players by surface area compared to the playground, green space and courts that are also used by people who are not tennis players and are a majority by population numbers. Tennis courts are not so ecologically friendly. Thank you!

1. ratio of pickleball to tennis should be more pickleball. I rarely see tennis courts being used. 2. Not enough parking. Just the 11 tennis/pickleball courts could have 44 players and conservatively, 22 vehicles. 3. Any secure bike racks for those that can ride to courts? Ideally, within sight of the courts to not take away from vehicle parking. 4. Will need parallel parking along the roadway, take a look at Pike Road in the mornings during pickleball... 5. What are the neighbouring properties? Will they be looking for parking?

I'm hoping there are plans to replace the loss of the soccer field and larger playground that was used by many community families. It's disheartening to see green space replaced by pickleball courts when there is already a lack of green space within the community of Lakeview Heights.

Do not put basketball nets in the sports court. Have 1 dedicated space in the city to play ball hockey. Otherwise it's full of people playing basketball when there are dozens of options. We need at least 1 space for the huge sport of ball hockey.

The site is relatively small and I think the City of West Kelowna has done very well to best utilize the space. It will be awesome to have a better more modern and safe outdoor playground, a covered tennis facility which will really encourage building of the sport for high school tennis teams, 3 new pickleball courts with level surfaces, a multi purpose centre for fitness activities, dance etc. Better paved parking lot. A viewing gallery for tennis tournaments and seating would be ideal. Please plant and preserve some nice shade trees.

The community hall should be large enough to accommodate all events in one area. Looking at the drawing the long narrow area section would be for what? Washrooms, storage? Where would the cooking area/facility go? In the basement if there is one! Also dimensions would have been nice to be shown on the drawings so one can see actually see how big the rooms are and how big the outdoor facilities are. And please stay on budget and no excuses like: fire, smoke, weather, etc! What consideration has been given when there is a call out for the fire dept and there's an event going on in the community hall. Will sirens be going off?

Anonymous

8/01/2024 10:39 AM

I don't understand this survey. It is not well put together, the questions are not related to the answers that we can provide. None of the actual questions are related to the site and what might be put there...especially as the site is under construction now.

What a wasted opportunity for public engagement. Questions such as, should the community centre have lighting and how important is accessible parking, just wastes everyone's time and does not illicit

any of the needs or good ideas for the planned site from the community

You should replace the green space and use the old site for parking. You need to enforce the speed slow corridor. This area is going to be a traffic nightmare with 250 new units. No more high density development in this area without more green space and improved roads and sidewalks on Anders

I firmly believe that the FireHall and Community Center should not be in the same plot of land. These are two separate entities and from a safety professional point of view, the fire personnel need to have their own uninterrupted space - even across the road. The traffic is horrendous now and will get worse in the upcoming years in that area. I truly think that this plan of amalgamating the Community Center and Fire Hall is a "quick fix" and does not even touch the 10 to 20 to 30 year plan of development in this area of a west a Kelowna. In all good faith, I could never support this concept.

With the firehall and community hall being side by side, will that not pose a problem for the firefighters trying to leave the fire hall on a call. Unless parking is adequate and clearly marked, I would not be surprised if some folks parking habits would interfere with the firefighters access to or from the fire hall. Will there be warning lights letting folks know when a call is on, just like some pedestrian crossings now have blinking lights. Will there be painted lines on the road outlining a keep clear zone for the fire fighters and their vehicles so they can leave without problems. How big will the community hall space be in terms of square feet?

Make the best use of your money. The WK hockey, ringette, figureskating community is grossly underrepresented with only 3 ice surfaces to work out over 500 registered young athletes. There needs to be a commitment to develop a dual ice rink on WK land or WBFN will be approached with that possibility, perhaps costing real revenue for years. This is largely the only green space in a walkable distance for a vast community. Nowhere here has there been consideration for the pet-lovers of the community families. The developer on Olalla specifically said the development is going to be pet friendly, but there is already nowhere for pets to go that's walkable for many. Further, when we consider costs for things like playground equipment, let's not automatically go for the lowest cost option. Kids like climbing, swings and monkey bars. Let's encourage risky play in a safe environment, while having some smaller structures for younger kids and plan ahead. Insufficient or uninteresting equipment for older kids (5+) will go unused and be a waste of resources.

The biggest downfall I consistently see with community planning is the lack of parking. This is no exception. This will cause issues for all.

Community groups, stratas often have to rent meeting rooms at local motels. It would be great to have alternative space available at the new community building.

This is a growing community and from my experience working in community buildings in both Kelowna and West Kelowna they have both been overpopulated and did not account for the sizeable community growth. If community members and firehall members cannot adequately access the parking spaces in an equitable manner that makes going to activities and events easy and accessible it will be a big miss. What is being considered for additional parking?

The centre is aesthetically pleasing. meets the needs of the community and surrounding areas. The community hall should be at least the same size, hopefully larger than the old hall, as the area has and is growing Also when there is a call out will the sirens/alarms be going off! Not good when there's an event going on in the hall and even when kids playing in the playground. Would be loud and scary for them.

There should be more pickleball courts vs. the allocation of tennis courts. The pickleball courts should be lit at night similar to the tennis courts. I think having indoor gym facilities would address a need that isn't met within this area.

Ask the local community what they want/suggestions and not send out these pointless questionnaires that only present what has been decided and give no real opportunity to suggest foreseeable issues and improvements, and only giving the slightest impression of community engagement when the questionnaire is only really designed to not illicit meaningful responses from the community

That the outdoor rink/ activity area not be overlooked. My sons and many other kids have used the old one for hockey in the spring and summer, when not too hot. Considering that most (if not all) of the outdoor rinks (rutland, dilworth) have been deleted.

There needs to be good overflow parking on Anders Road. Currently there are open ditches that make parking difficult when the parking lot is full. Also need better outdoor night lighting than there was with the old community hall. Accessibility to water and outdoor washrooms for park and court users.

We really need side walks and street lights in this neighborhood! It's very unsafe for us to walk our dogs and for our children to access this new park. I don't feel safe with them walking on the streets, they currently use the trail behind the tennis court but that very limiting. We pay enough tax dollars and with all the new development in this area, we need to think about all these people's safety when walking to this new community space.

Install effective weed control on boulevards, pathways etc. The centre median coming up Boucherie Rd from the highway and down to Gellatly is disgraceful. Such a great concept that was so poorly planned and installed. Our wine trail is a weed trail. Be mindful of future expansion opportunities if and when required. We are a growing community.

The okanagan in general needs to have more for kids to do both indoors and outdoors and the bankers hours simply don't cut it when those are the very hours people are also working. Makes it impossible to go anywhere with the kids. Especially children under the age of three and most importantly special needs children who aren't potty trained or speaking. Most programs cater only to potty trained and speaking neurotypical children it's not very inclusive. In the event like this summer and lake water quality warnings children have absolutely no where to cool off I think more outdoor pools are a must. Travelling to Vernon to access a wading pool is bananas.
