10.3. COMPACT SINGLE DETACHED RESIDENTIAL ZONE (RC3)

Bylaw No. 154.36

.1 Purpose

To accommodate single detached residential use on parcels of land that are 325 m² and larger.

.2 Principal Uses, Buildings and Structures

(a) Single detached dwelling

.3 Secondary Uses, Buildings and Structures

- (a) Accessory uses, buildings and structures
- (b) Care facility, minor
- (c) Home based business, major
- (d) Secondary suite on parcels 550 m² (5,920.2 ft²) or greater

Bylaw No. 154.50

4 Site Specific Uses, Buildings and Structures - Reserved

.5 Regulations Table

(a) Minimum parcel area 325 m² (3,498.3 ft²) (b) Minimum usable parcel area 195 m² (2,099.0 ft²) (c) Minimum parcel frontage 12.0 m (39.4 ft) DEVELOPMENT REGULATIONS (d) Maximum density: .1 Single detached dwelling 1 per parcel 2 Secondary suite 1 per parcel 40% (e) Maximum parcel coverage 40% (f) Maximum building height: 9.0 m (29.5 ft) to a maximum of 3 storeys except it is 5.0 m (16.4 ft) for accessory buildings and structures SITING REGULATIONS (g) Buildings and structures shall be sited at least the distance from the feature indicated in the middle column below, that is indicated in the right-hand column opposite that feature: .1 Front parcel boundary or private access easement, whichever is closer 3.5 m (11.5 ft) except it is 6.0 m (19.7 ft) for a garage or carport having vehicular entry from the front 5.2 Rear parcel boundary or private access easement, whichever is closer 3.0 m (9.8 ft) .2 Rear parcel boundary or private access easement, whichever is closer 3.0 m (9.8 ft)	SUBDIVISION REGULATIONS				
(c) Minimum parcel frontage DEVELOPMENT REGULATIONS (d) Maximum density: 1 Single detached dwelling 2 Secondary suite 1 per parcel 2 Secondary suite 9.0 m (29.5 ft) to a maximum of 3 storeys except it is 5.0 m (16.4 ft) for accessory buildings and structures SITING REGULATIONS (g) Buildings and structures shall be sited at least the distance from the feature indicated in the middle column below, that is indicated in the right-hand column opposite that feature: 1 Front parcel boundary or private access easement, whichever is closer 2 Rear parcel boundary or private access easement, whichever is closer 3.5 m (11.5 ft) except it is 6.0 m (19.7 ft) for a garage or carport having vehicular entry from the front 3.0 m (9.8 ft)	(a)	Minimum parcel area	325 m² (3,498.3 ft²)		
(d) Maximum density: .1 Single detached dwelling .2 Secondary suite (e) Maximum parcel coverage (f) Maximum building height: SITING REGULATIONS (g) Buildings and structures shall be sited at least the distance from the feature indicated in the middle column below, that is indicated in the right-hand column opposite that feature: .1 Front parcel boundary or private access easement, whichever is closer DEVELOPMENT REGULATIONS 1 per parcel 8 bylaw No. 154.50 40% 9.0 m (29.5 ft) to a maximum of 3 storeys except it is 5.0 m (16.4 ft) for accessory buildings and structures SITING REGULATIONS (g) Buildings and structures shall be sited at least the distance from the feature indicated in the middle column below, that is indicated in the right-hand column opposite that feature: .1 Front parcel boundary or private access easement, whichever is closer 3.5 m (11.5 ft) except it is 6.0 m (19.7 ft) for a garage or carport having vehicular entry from the front .2 Rear parcel boundary or private access easement, whichever is closer	(b)	Minimum usable parcel area	195 m ² (2,099.0 ft ²)		
(d) Maximum density: .1 Single detached dwelling .2 Secondary suite (e) Maximum parcel coverage (f) Maximum building height: SITING REGULATIONS (g) Buildings and structures shall be sited at least the distance from the feature indicated in the middle column below, that is indicated in the right-hand column opposite that feature: .1 Front parcel boundary or private access easement, whichever is closer .2 Rear parcel boundary or private access easement, whichever is closer .3 Front parcel boundary or private access easement, whichever is closer .40% 9.0 m (29.5 ft) to a maximum of 3 storeys except it is 5.0 m (16.4 ft) for accessory buildings and structures SITING REGULATIONS 3.5 m (11.5 ft) except it is 6.0 m (19.7 ft) for a garage or carport having vehicular entry from the front 2. Rear parcel boundary or private access easement, whichever is closer	(c)	Minimum parcel frontage	12.0 m (39.4 ft)		
.1 Single detached dwelling .2 Secondary suite (e) Maximum parcel coverage (f) Maximum building height: SITING REGULATIONS (g) Buildings and structures shall be sited at least the distance from the feature indicated in the middle column below, that is indicated in the right-hand column opposite that feature: .1 Front parcel boundary or private access easement, whichever is closer 2 Rear parcel boundary or private access easement, whichever is closer 3.5 m (11.5 ft) except it is 6.0 m (19.7 ft) for a garage or carport having vehicular entry from the front 2 Rear parcel boundary or private access easement, whichever is closer	DEVELOPMENT REGULATIONS				
2 Secondary suite (e) Maximum parcel coverage (f) Maximum building height: SITING REGULATIONS (g) Buildings and structures shall be sited at least the distance from the feature indicated in the middle column below, that is indicated in the right-hand column opposite that feature: 1 Front parcel boundary or private access easement, whichever is closer 2 Rear parcel boundary or private access easement, whichever is closer 3.0 m (9.8 ft)	(d)	Maximum density:			
(e) Maximum parcel coverage (f) Maximum building height: SITING REGULATIONS (g) Buildings and structures shall be sited at least the distance from the feature indicated in the middle column below, that is indicated in the right-hand column opposite that feature: 1 Front parcel boundary or private access easement, whichever is closer 2 Rear parcel boundary or private access easement, whichever is closer 3.0 m (9.8 ft)	.1	Single detached dwelling	1 per parcel		
(e) Maximum parcel coverage (f) Maximum building height: SITING REGULATIONS (g) Buildings and structures shall be sited at least the distance from the feature indicated in the middle column below, that is indicated in the right-hand column opposite that feature: 1 Front parcel boundary or private access easement, whichever is closer 2 Rear parcel boundary or private access easement, whichever is closer 3.0 m (9.8 ft)	.2	Secondary suite	i pei parcei		
maximum of 3 storeys except it is 5.0 m (16.4 ft) for accessory buildings and structures SITING REGULATIONS (g) Buildings and structures shall be sited at least the distance from the feature indicated in the middle column below, that is indicated in the right-hand column opposite that feature: 1 Front parcel boundary or private access easement, whichever is closer 3.5 m (11.5 ft) except it is 6.0 m (19.7 ft) for a garage or carport having vehicular entry from the front 2 Rear parcel boundary or private access easement, whichever is closer	(e)	Maximum parcel coverage	40%		
(g) Buildings and structures shall be sited at least the distance from the feature indicated in the middle column below, that is indicated in the right-hand column opposite that feature: 1 Front parcel boundary or private access easement, whichever is closer 2 Rear parcel boundary or private access easement, whichever is closer 3.5 m (11.5 ft) except it is 6.0 m (19.7 ft) for a garage or carport having vehicular entry from the front 2 Rear parcel boundary or private access easement, whichever is closer	(f)	Maximum building height:	maximum of 3 storeys except it is 5.0 m (16.4 ft) for accessory buildings		
indicated in the middle column below, that is indicated in the right-hand column opposite that feature: 1 Front parcel boundary or private access easement, whichever is closer 3.5 m (11.5 ft) except it is 6.0 m (19.7 ft) for a garage or carport having vehicular entry from the front 2 Rear parcel boundary or private access easement, whichever is closer 3.0 m (9.8 ft)	SITING REGULATIONS				
is closer is closer 6.0 m (19.7 ft) for a garage or carport having vehicular entry from the front 2 Rear parcel boundary or private access easement, whichever is closer 3.0 m (9.8 ft)	indicated in the middle column below, that is indicated in the right-hand column				
is closer	.1		6.0 m (19.7 ft) for a garage or carport having vehicular entry from the		
.3 Interior side parcel boundary 1.5 m (4.9 ft)	.2	, , ,	3.0 m (9.8 ft)		
	.3	Interior side parcel boundary	1.5 m (4.9 ft)		

Schedule A 87

.4	Exterior side parcel boundary or private access easement, whichever is closer	2.5 m (8.2 ft) except it is 6.0 m (19.7 ft) for a garage or carport having vehicular entry from the exterior side
.5	Parcels in another zone	4.5 m (14.8 ft)
.6	A1 Zone or ALR	15.0 m (49.2 ft) except it is 9.0 (24.6ft) if a level 1 buffer is provided.

.6 Other Regulations

(a) Without limiting the application of the height regulation in Section 10.3.5(f), the height of any single building wall, measured from the lowest elevation of grade at the foot of the wall to the lower surface of the eave, or to the top of the wall in the case of a building without eaves, shall not exceed the lesser of 3 storeys or 9 m (29.5 ft).

Siting Regulations for Approved Subdivisions

- .1 the regulations requiring a minimum distance between garages or carports having vehicular entry from parcel boundaries or private access easements, that is greater than the minimum distance required for other buildings and structures, and
- .2 the regulations requiring that the siting of a building or structure be determined in relation to the location of a private access easement, if it is closer to the building or structure than the relevant parcel boundary,

shall not apply to any parcel created by subdivision deposited in the Land Title Office before March 13, 2014 provided that the building permit authorizing the construction of the building or structure is issued before March 13, 2019.
