

2020 - \$815

2021 - \$907

2022 - \$933

Balancing Out the Costs

FROM WATER RATES

\$225 for your consumption

\$202 for future infrastructure

\$356 for operations and maintenance

TO PARCEL TAX

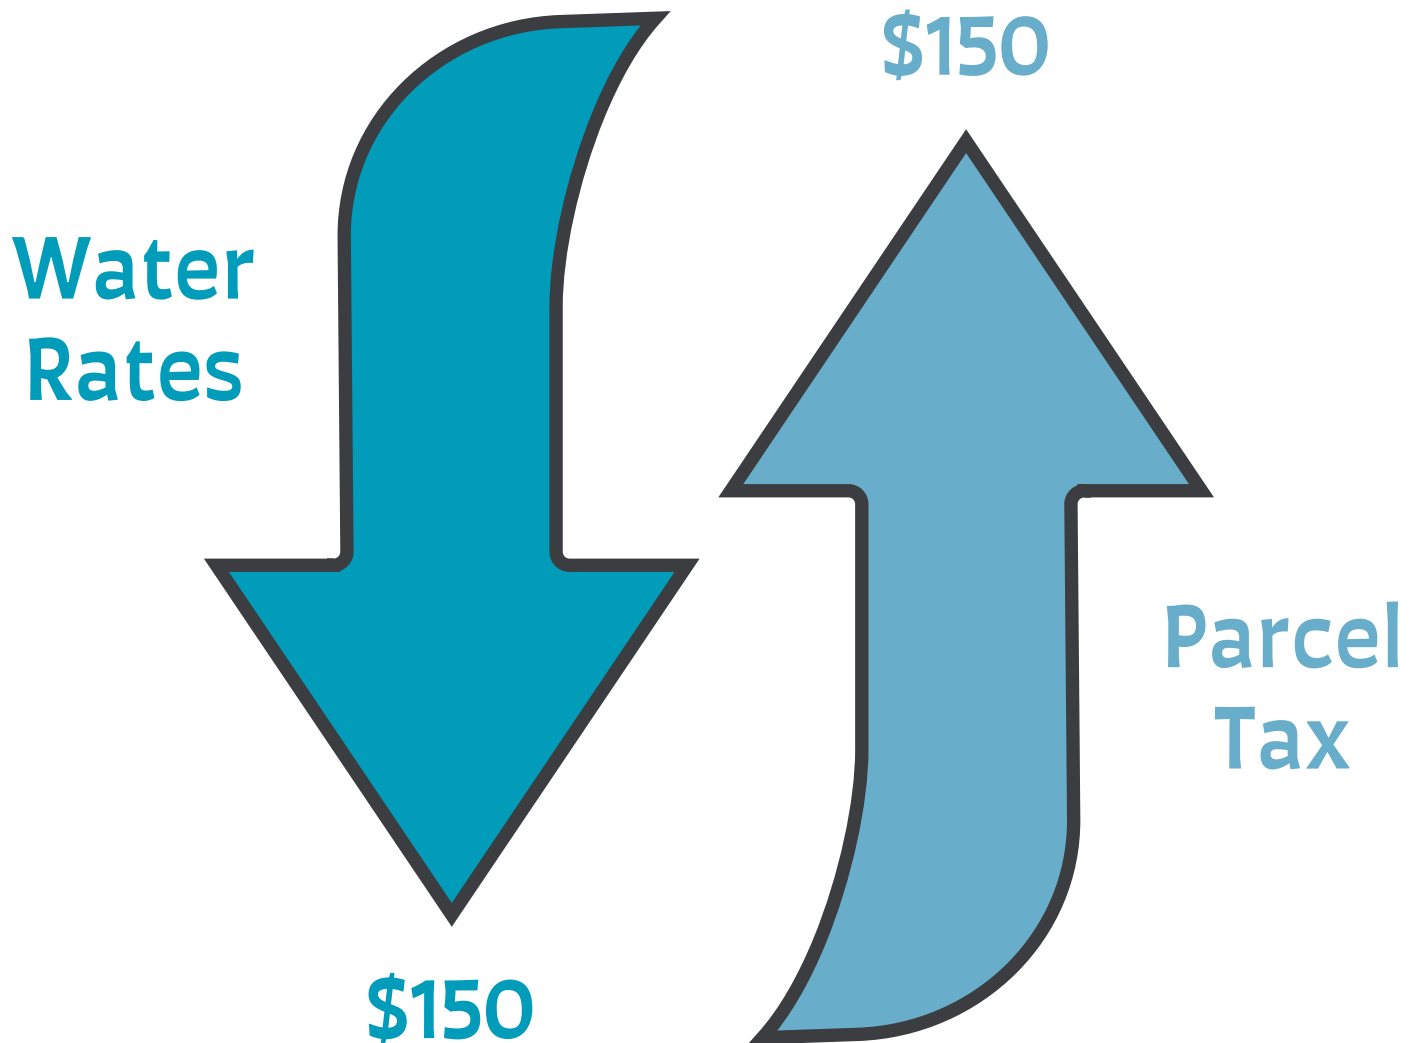

\$150

\$150 is removed from your annual utility bill

Giving you a choice to pay your share up front or through a parcel tax of \$150 per year for 25 years.

Balancing Out the Costs

The parcel tax lowers your annual utility bill by \$150 and gives you a choice on how to pay for your portion of the water treatment plant - all at once, up front, or added as a \$150 annual parcel tax paid over 25 years.
