Subject: **2020 Department Statistics**

BACKGROUND

The organization has been extremely busy during the first six months of 2020. While it was staff's intention to bring forward quarterly reports, COVID-19 impacts interrupted many of our plans including updating Council and the community on our stats.

The attached reports from the various departments are intended to give a glimpse at our operations during the last six months presented in a new visual format. Any thoughts and feedback would be appreciated as we plan for future regular stat updates.
