Re: 2927 Thacker Drive – Variance Application

To Whom It May Concern:

Further to submitting the required documentation for the variance application for 2927 Thacker Drive, we thought it would be prudent to advise of the purpose for building this addition.

Our son is on the Autism Spectrum and will be in need of a 'transitional' suite, to help prepare him for independent living.

Thank you for your consideration.

Sincerely,

Don & Connie Dunford
